

Subcontractor List In Response to Notice of Intent to Award

Note: Below is a listing of Rycon Construction's potential subcontractors for the Falls Township Municipal Complex project. Rycon will fully comply with the Contractor Responsibility Certification section to ensure the 70% requirement is met through the use of properly trained craft labor workforce, as applicable. In the event a different subcontractor is considered for a required trade on this project, Rycon will submit for approval the RCO prior to any award for said subcontract.

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: Rycon Construction, Inc. Date: _____, 20____

Contractor Address: 100-120 N. 18th Street, Suite 1800

Philadelphia, PA Zip Code 19103

Contact Name: Sai Yerrapathruni E-mail sai@ryconinc.com

Contact Direct Phone No.: 215-367-3120 Fax No.: N/A

Project Name: Falls Township Municipal Complex

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journey person, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* (“ERISA”), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journeyman status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journey person, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* (“ERISA”), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

- 7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyperson, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

 - A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
 - B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
 - C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

- 8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?
- 9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journey person, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* (“ERISA”), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

Date: 6/21/23

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: Twindows, Inc. Date: 6/16/23, 2023

Contractor Address: 2316 E. Daulphin Street

Philadelphia, PA Zip Code 19125

Contact Name: Mike Cerasi E-mail mikec@twindowsinc.com

Contact Direct Phone No.: 856-302-6340 Fax No.: 856-302-6341

Project Name: Falls Township Municipal Complex

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyman, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* (“ERISA”), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

 Project Name: Falls Township Municipal Complex

To be certified, Contractor is required to check all the following boxes:

	Yes	No
1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2. Has the Contractor not defaulted on any project in the past three (3) years?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to:	<input checked="" type="checkbox"/>	<input type="checkbox"/>

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journey person, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyman, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* (“ERISA”), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?
9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyman, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: RamJack Foundation Repair of the Tri-States, Inc. Date: June 20, 2023

Contractor Address: 317 Earles Lane
Newtown Square, PA Zip Code 19073

Contact Name: Scott Mackay E-mail scott@ramjacktri.com

Contact Direct Phone No.: 484-614-7643 Fax No.: 610-325-7738

Project Name: Falls Township Municipal Complex

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyman, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journeyman status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

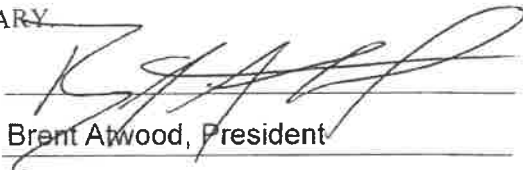

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journey person, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* (“ERISA”), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

Re: Laborers District Council
Joint Apprenticeship and Training Program (JATC)

On July 6, 1994, the U.S. Department of Labor, Bureau of Apprenticeship and Training (BAT) approved the Laborers' International Union of North America (LIUNA) and the Associated General Contractors of America (AGC) known as Laborers-AGC. The Laborers'-AGC Education and Training Funds' National Apprenticeship Standards for the Construction Craft Laborer is 869.463.580. The O+Net Code is 47-2061.00.

The Laborers' District Council of Philadelphia and Vicinity Joint Apprenticeship and Training Committee Apprenticeship Standards were registered by the Pennsylvania Apprenticeship and Training Council and the Federal Committee on Apprenticeship on January 8, 1998, the Program Registration # PA004970018.

This JATC registered its first Apprenticeship Class in November 2000 and had its first graduating class recorded September 2004. We have graduated apprentices to journeyman status for each of the past 5 consecutive year. Cippco Inc. Has been a union contractor in good standing with the Laborers' District Council for over 3 years and has participated in the Laborers' Apprenticeship Program for over 3 years.

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: Northeast Fence And Iron Works, Inc. Date: 6/22, 2023

Contractor Address: 8451 Hegerman Street

Philadelphia, Pa Zip Code 19136

Contact Name: Robert Wade E-mail nefiw@comcast.net

Contact Direct Phone No.: 215-335-1681 Fax No.: 215-743-7112

Project Name: Falls Township Municipal Complex

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journeyman status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years; or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journey person, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.
- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
 - B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* (“ERISA”), or non-ERISA programs.
 - C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.
8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?
9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

To Whom It May Concern:

This letter will serve as notice that Quality Flooring Workroom has been an active member and a participating contractor in Eastern Atlantic States Carpenters Technical College. This is an approved apprenticeship program, Program #00645001, registered in the Commonwealth of Pennsylvania with the Department of Labor and Industry, the Pennsylvania Apprenticeship Council, and the Federal Committee on Apprenticeship since October 1, 1945. The apprenticeship program has graduated apprentices every year since 1946.

The Eastern Atlantic States Carpenters Technical College includes carpenters, floor layers, lathers, mill/cabinetmakers, and millwrights. Our jurisdiction includes Philadelphia, Bucks, Chester, Delaware, Lehigh, Montgomery, Northampton, Carbon, Berks, and Lancaster counties in Pennsylvania.

The EASCTC Standards are also registered in the states of Delaware and Maryland.

The apprenticeship program includes both on-the-job and classroom/shop related instructional training. We currently have four training centers. The main training center is located at 10401 Decatur Road Philadelphia, PA. Additionally, we have a training center located at 620 Wilmington Road New Castle, DE, 21420 Vaughn Road Georgetown, DE, and 1818 Vultee Street, Allentown, PA 18103.

If you have any questions, please feel free to contact me at 215-824-2300.

§ 1 The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

§ 2 If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except when applicable to participate in a conference as provided in Section 3.

§ 3 If there is no Owner Default under the Construction Contract, the Surety's obligation under this Bond shall arise after

- .1 the Owner first provides notice to the Contractor and the Surety that the Owner is considering declaring a Contractor Default. Such notice shall indicate whether the Owner is requesting a conference among the Owner, Contractor and Surety to discuss the Contractor's performance. If the Owner does not request a conference, the Surety may, within five (5) business days after receipt of the Owner's notice, request such a conference. If the Surety timely requests a conference, the Owner shall attend. Unless the Owner agrees otherwise, any conference requested under this Section 3.1 shall be held within ten (10) business days of the Surety's receipt of the Owner's notice. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default;
- .2 the Owner declares a Contractor Default, terminates the Construction Contract and notifies the Surety; and
- .3 the Owner has agreed to pay the Balance of the Contract Price in accordance with the terms of the Construction Contract to the Surety or to a contractor selected to perform the Construction Contract.

§ 4 Failure on the part of the Owner to comply with the notice requirement in Section 3.1 shall not constitute a failure to comply with a condition precedent to the Surety's obligations, or release the Surety from its obligations, except to the extent the Surety demonstrates actual prejudice.

§ 5 When the Owner has satisfied the conditions of Section 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

§ 5.1 Arrange for the Contractor, with the consent of the Owner, to perform and complete the Construction Contract;

§ 5.2 Undertake to perform and complete the Construction Contract itself, through its agents or independent contractors;

§ 5.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and a contractor selected with the Owner's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Section 7 in excess of the Balance of the Contract Price incurred by the Owner as a result of the Contractor Default; or

§ 5.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:

- .1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, make payment to the Owner; or
- .2 Deny liability in whole or in part and notify the Owner, citing the reasons for denial.

§ 6 If the Surety does not proceed as provided in Section 5 with reasonable promptness, the Surety shall be deemed to be in default on this Bond seven days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Section 5.4, and the Owner refuses the payment or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

§ 7 If the Surety elects to act under Section 5.1, 5.2 or 5.3, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. Subject to the commitment by the Owner to pay the Balance of the Contract Price, the Surety is obligated, without duplication, for

- .1 the responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;
- .2 additional legal, design professional and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Section 5; and
- .3 liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

§ 8 If the Surety elects to act under Section 5.1, 5.3 or 5.4, the Surety's liability is limited to the amount of this Bond.

§ 9 The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators, successors and assigns.

§ 10 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

§ 11 Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after a declaration of Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

§ 12 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears.

§ 13 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

§ 14 Definitions

§ 14.1 **Balance of the Contract Price.** The total amount payable by the Owner to the Contractor under the Construction Contract after all proper adjustments have been made, including allowance to the Contractor of any amounts received or to be received by the Owner in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Construction Contract.

§ 14.2 **Construction Contract.** The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and changes made to the agreement and the Contract Documents.

§ 14.3 **Contractor Default.** Failure of the Contractor, which has not been remedied or waived, to perform or otherwise to comply with a material term of the Construction Contract.

§ 14.4 **Owner Default.** Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

§ 14.5 **Contract Documents.** All the documents that comprise the agreement between the Owner and Contractor.

§ 15 If this Bond is issued for an agreement between a Contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

§ 16 Modifications to this bond are as follows:

reportsfclaims@zurichna.com

Authenticity of this bond can be confirmed at bondvalidator.zurichna.com or 410-559-8790

§ 1 The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner to pay for labor, materials and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference, subject to the following terms.

§ 2 If the Contractor promptly makes payment of all sums due to Claimants, and defends, indemnifies and holds harmless the Owner from claims, demands, liens or suits by any person or entity seeking payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, then the Surety and the Contractor shall have no obligation under this Bond.

§ 3 If there is no Owner Default under the Construction Contract, the Surety's obligation to the Owner under this Bond shall arise after the Owner has promptly notified the Contractor and the Surety (at the address described in Section 13) of claims, demands, liens or suits against the Owner or the Owner's property by any person or entity seeking payment for labor, materials or equipment furnished for use in the performance of the Construction Contract and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety.

§ 4 When the Owner has satisfied the conditions in Section 3, the Surety shall promptly and at the Surety's expense defend, indemnify and hold harmless the Owner against a duly tendered claim, demand, lien or suit.

§ 5 The Surety's obligations to a Claimant under this Bond shall arise after the following:

§ 5.1 Claimants, who do not have a direct contract with the Contractor,

- .1 have furnished a written notice of non-payment to the Contractor, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were, or equipment was, furnished or supplied or for whom the labor was done or performed, within ninety (90) days after having last performed labor or last furnished materials or equipment included in the Claim; and
- .2 have sent a Claim to the Surety (at the address described in Section 13).

§ 5.2 Claimants, who are employed by or have a direct contract with the Contractor, have sent a Claim to the Surety (at the address described in Section 13).

§ 6 If a notice of non-payment required by Section 5.1.1 is given by the Owner to the Contractor, that is sufficient to satisfy a Claimant's obligation to furnish a written notice of non-payment under Section 5.1.1.

§ 7 When a Claimant has satisfied the conditions of Sections 5.1 or 5.2, whichever is applicable, the Surety shall promptly and at the Surety's expense take the following actions:

§ 7.1 Send an answer to the Claimant, with a copy to the Owner, within sixty (60) days after receipt of the Claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed; and

§ 7.2 Pay or arrange for payment of any undisputed amounts.

§ 7.3 The Surety's failure to discharge its obligations under Section 7.1 or Section 7.2 shall not be deemed to constitute a waiver of defenses the Surety or Contractor may have or acquire as to a Claim, except as to undisputed amounts for which the Surety and Claimant have reached agreement. If, however, the Surety fails to discharge its obligations under Section 7.1 or Section 7.2, the Surety shall indemnify the Claimant for the reasonable attorney's fees the Claimant incurs thereafter to recover any sums found to be due and owing to the Claimant.

§ 8 The Surety's total obligation shall not exceed the amount of this Bond, plus the amount of reasonable attorney's fees provided under Section 7.3, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

§ 9 Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any construction performance bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

§ 10 The Surety shall not be liable to the Owner, Claimants or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for the payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligation to make payments to, or give notice on behalf of, Claimants or otherwise have any obligations to Claimants under this Bond.

§ 11 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

§ 12 No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the state in which the project that is the subject of the Construction Contract is located or after the expiration of one year from the date (1) on which the Claimant sent a Claim to the Surety pursuant to Section 5.1.2 or 5.2, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

§ 13 Notice and Claims to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears. Actual receipt of notice or Claims, however accomplished, shall be sufficient compliance as of the date received.

§ 14 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

§ 15 Upon request by any person or entity appearing to be a potential beneficiary of this Bond, the Contractor and Owner shall promptly furnish a copy of this Bond or shall permit a copy to be made.

§ 16 Definitions

§ 16.1 Claim. A written statement by the Claimant including at a minimum:

- .1 the name of the Claimant;
- .2 the name of the person for whom the labor was done, or materials or equipment furnished;
- .3 a copy of the agreement or purchase order pursuant to which labor, materials or equipment was furnished for use in the performance of the Construction Contract;
- .4 a brief description of the labor, materials or equipment furnished;
- .5 the date on which the Claimant last performed labor or last furnished materials or equipment for use in the performance of the Construction Contract;
- .6 the total amount earned by the Claimant for labor, materials or equipment furnished as of the date of the Claim;
- .7 the total amount of previous payments received by the Claimant; and
- .8 the total amount due and unpaid to the Claimant for labor, materials or equipment furnished as of the date of the Claim.

§ 16.2 Claimant. An individual or entity having a direct contract with the Contractor or with a subcontractor of the Contractor to furnish labor, materials or equipment for use in the performance of the Construction Contract. The term Claimant also includes any individual or entity that has rightfully asserted a claim under an applicable mechanic's lien or similar statute against the real property upon which the Project is located. The intent of this Bond shall be to include without limitation in the terms "labor, materials or equipment" that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental equipment used in the Construction Contract, architectural and engineering services required for performance of the work of the Contractor and the Contractor's subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, materials or equipment were furnished.

§ 16.3 Construction Contract. The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and all changes made to the agreement and the Contract Documents.

§ 16.4 **Owner Default.** Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

§ 16.5 **Contract Documents.** All the documents that comprise the agreement between the Owner and Contractor.

§ 17 If this Bond is issued for an agreement between a Contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

§ 18 Modifications to this bond are as follows:

Murray, Vice President**, in pursuance of authority granted by Article V, Section 8, of the By-Laws of said Companies, which are set forth on the reverse side hereof and are hereby certified to be in full force and effect on the date hereof, do hereby nominate, constitute, and appoint Ryan BURKE, James L. BLY, Andrew BLY, Pamela L. NUNEZ, Daniel A. PAPAJCIK, Abigail SIMKIN of Pittsburgh, Pennsylvania, its true and lawful agent and Attorney-in-Fact, to make, execute, seal and deliver, for, and on its behalf as surety, and as its act and deed: **any and all bonds and undertakings**, and the execution of such bonds or undertakings in pursuance of these presents, shall be as binding upon said Companies, as fully and amply, to all intents and purposes, as if they had been duly executed and acknowledged by the regularly elected officers of the ZURICH AMERICAN INSURANCE COMPANY at its office in New York, New York., the regularly elected officers of the COLONIAL AMERICAN CASUALTY AND SURETY COMPANY at its office in Owings Mills, Maryland., and the regularly elected officers of the FIDELITY AND DEPOSIT COMPANY OF MARYLAND at its office in Owings Mills, Maryland., in their own proper persons.

The said Vice President does hereby certify that the extract set forth on the reverse side hereof is a true copy of Article V, Section 8, of the By-Laws of said Companies, and is now in force.

IN WITNESS WHEREOF, the said Vice-President has hereunto subscribed his/her names and affixed the Corporate Seals of the said ZURICH AMERICAN INSURANCE COMPANY, COLONIAL AMERICAN CASUALTY AND SURETY COMPANY, and FIDELITY AND DEPOSIT COMPANY OF MARYLAND, this 18th day of October, A.D. 2022.

ATTEST:
ZURICH AMERICAN INSURANCE COMPANY
COLONIAL AMERICAN CASUALTY AND SURETY COMPANY
FIDELITY AND DEPOSIT COMPANY OF MARYLAND

By: *Robert D. Murray*
Vice President

By: *Dawn E. Brown*
Secretary

**State of Maryland
County of Baltimore**

On this 18th day of October, A.D. 2022, before the subscriber, a Notary Public of the State of Maryland, duly commissioned and qualified, **Robert D. Murray, Vice President and Dawn E. Brown, Secretary** of the Companies, to me personally known to be the individuals and officers described in and who executed the preceding instrument, and acknowledged the execution of same, and being by me duly sworn, deposeth and saith, that he/she is the said officer of the Company aforesaid, and that the seals affixed to the preceding instrument are the Corporate Seals of said Companies, and that the said Corporate Seals and the signature as such officer were duly affixed and subscribed to the said instrument by the authority and direction of the said Corporations.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed my Official Seal the day and year first above written.

Constance A. Dunn, Notary Public
My Commission Expires: July 9, 2023

EXTRACT FROM BY-LAWS OF THE COMPANIES

"Article V, Section 8, Attorneys-in-Fact. The Chief Executive Officer, the President, or any Executive Vice President or Vice President may, by written instrument under the attested corporate seal, appoint attorneys-in-fact with authority to execute bonds, policies, recognizances, stipulations, undertakings, or other like instruments on behalf of the Company, and may authorize any officer or any such attorney-in-fact to affix the corporate seal thereto; and may with or without cause modify or revoke any such appointment or authority at any time."

CERTIFICATE

I, the undersigned, Vice President of the ZURICH AMERICAN INSURANCE COMPANY, the COLONIAL AMERICAN CASUALTY AND SURETY COMPANY, and the FIDELITY AND DEPOSIT COMPANY OF MARYLAND, do hereby certify that the foregoing Power of Attorney is still in full force and effect on the date of this certificate; and I do further certify that Article V, Section 8, of the By-Laws of the Companies is still in force.

This Power of Attorney and Certificate may be signed by facsimile under and by authority of the following resolution of the Board of Directors of the ZURICH AMERICAN INSURANCE COMPANY at a meeting duly called and held on the 15th day of December 1998.

RESOLVED: "That the signature of the President or a Vice President and the attesting signature of a Secretary or an Assistant Secretary and the Seal of the Company may be affixed by facsimile on any Power of Attorney...Any such Power or any certificate thereof bearing such facsimile signature and seal shall be valid and binding on the Company."

This Power of Attorney and Certificate may be signed by facsimile under and by authority of the following resolution of the Board of Directors of the COLONIAL AMERICAN CASUALTY AND SURETY COMPANY at a meeting duly called and held on the 5th day of May, 1994, and the following resolution of the Board of Directors of the FIDELITY AND DEPOSIT COMPANY OF MARYLAND at a meeting duly called and held on the 10th day of May, 1990.

RESOLVED: "That the facsimile or mechanically reproduced seal of the company and facsimile or mechanically reproduced signature of any Vice-President, Secretary, or Assistant Secretary of the Company, whether made heretofore or hereafter, wherever appearing upon a certified copy of any power of attorney issued by the Company, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

IN TESTIMONY WHEREOF, I have hereunto subscribed my name and affixed the corporate seals of the said Companies, this _____ day of _____, _____.

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: Geppert Bros., Inc. Date: June 15th, 2023

Contractor Address: 3101 Trewigtown Road,

Colmar, PA Zip Code 18915

Contact Name: Mary Patricia Geppert E-mail estimating@geppertbros.com

Contact Direct Phone No.: (215) 822-7900 Fax No.: (215) 822-0635

Project Name: Falls Township Muncipal Complex

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journeyman status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyman, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

Re: Laborers' District Council
Joint Apprenticeship and Training Program (JATC)

To Whom It May Concern:

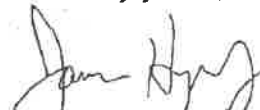

On July 6, 1994, the U.S. Department of Labor, Bureau of Apprenticeship and Training (BAT) approved the Laborers' International Union of North America (LIUNA) and the Associated General Contractors of America (AGC) known as Laborers-AGC Education and Training Funds' National Apprenticeship Standards for the Construction Craft Laborer occupation. The occupational code for the Construction Craft Laborer is 869.463.580.

The Laborers' District Council of Philadelphia and Vicinity Joint Apprenticeship and Training Committee Apprenticeship Standards were registered by the Pennsylvania Apprenticeship and Training Council and the Federal Committee on Apprenticeship on January 8, 1998.

Geppert Brothers, Inc. is a signatory contractor to the Laborers District Council of Philadelphia and Vicinity which makes them a full participant in this Apprenticeship Program.

If you have any questions or require additional information please feel free to contact me.

- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

September 15, 2021

Meco Construction INC.
684 Dunksferry Rd.
Bensalem, Pa. 19020

On July 6, 1994, the U.S. Department of Labor, Bureau of Apprenticeship and Training (BAT) approved the Laborers' International Union of North America (LIUNA) and the Associated General Contractors of America (AGC) known as Laborers-AGC. The Laborers'-AGC Education and Training Funds' National Apprenticeship Standards for the Construction Craft Laborer is 869.463.580. The O+Net Code is 47-2061.00.

The Laborers' District Council of Philadelphia and Vicinity Joint Apprenticeship and Training Committee Apprenticeship Standards were registered by the Pennsylvania Apprenticeship and Training Council and the Federal Committee on Apprenticeship on January 8, 1998, the Program Registration # PA004970018.

This JATC registered its first Apprenticeship Class in November 2000 and had its first graduating class recorded September 2004. We have graduated apprentices to journeyman status for each of the past five consecutive years. Meco Construction INC. has been a union contractor in good standing with the Laborers' District Council.

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: Scott Building Corp T/A Scott Contractors, Inc. Date: June 19, 2023

Contractor Address: 2939 Felton Road

Norristown, PA Zip Code 19401

Contact Name: Andrew Haines E-mail AHaines@scottcontractorsinc.com

Contact Direct Phone No.: (610) 278-8666 x208 Fax No.: (610) 278-8669

Project Name: Falls Township Municipal Complex

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|---|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journeyperson status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years; or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

- 7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyperson, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs. X
 - A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
 - B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
 - C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.
- 8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors? X
- 9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law? X

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

RE: Blue Bell Construction

To Whom It May Concern:

Please be advised that Blue Bell Construction is signatory to Local 592's Collective Bargaining Agreement, they employ cement masons from our local union to pour and finish concrete. The Cement Masons' & Plasterers' Union Local 592 has an approved Apprenticeship Program with the State of Pennsylvania. Our Program consists of three (3) years; it provides the knowledge and skill of the concrete trade. The Cement Masons' Joint Apprentice Program has graduated apprentices to journeyman status for each of the past five (5) consecutive years and has been since 1994.

Enclosed with this letter is the signature page from our Apprenticeship Standards with the PA Apprenticeship and Training Council.

If you have any questions feel free to contact my office (215) 468-0235.

To Whom It May Concern:

This letter will serve as notice that Keller North America is an active member and a participating contractor in the Eastern Atlantic Regional Council of Carpenters since 9/17/2020. This is an approved apprenticeship program, Program #NJ004000026, registered in the State of New Jersey with the Department of Labor and Industry, the Eastern Atlantic States Regional Council and the Federal Committee on Apprenticeship since October 9, 2000. The apprentice program has graduated apprentices every year since 2001.

The Eastern Atlantic Regional Council of Carpenters includes carpenters, piledrivers, floor layers, lathers, mill/cabinet makers and millwrights. Our jurisdiction includes New Jersey, Pennsylvania, Virginia, West Virginia, Delaware, Maryland and the commonwealth of Puerto Rico.

The apprenticeship program includes both on-the-job and classroom/shop related instructional training. We currently have two training centers. The main training center is located at 75 Fieldcrest Ave Suite A3, Edison, NJ 08837 and the second location is located at 3300 White Horse Pike, Hammonton NJ 08037.

If you have any questions, feel free to contact me 609-567-5675 x2002.

Sincerely,

A handwritten signature in black ink that reads 'Phil Diaz Jr.' with a stylized flourish at the end.

Phil Diaz, Jr.
Training Director

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyman, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs. *

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* (“ERISA”), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyperson, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.
 - A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
 - B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
 - C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

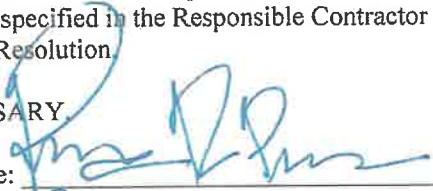

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee. X

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

Tel: 267-525-3143
aslavin@mecoconstructors.com

To Whom It May Concern:

Operating Engineers Local 542 has a registered apprenticeship program with the Commonwealth of Pennsylvania and the US Department of Labor Bureau of Apprenticeship and Training (BAT) since 1965, Registration Number PA006650002.

We have had a graduating apprentice class to journeyman status for at least three of the last five years. This is a four-year program where apprentices are hired to contractors for on the job training as well as in house training at one of our three training sites.

Meco Constructors is a signatory union contractor with the Operating Engineers Local 542 which makes them a full participant in this apprenticeship program.

If you have any questions or need further information, I can be reached at the number above.

Sincerely,

Daniel P. Sullivan

Re: Laborers District Council
Joint Apprenticeship and Training Program (JATC)

September 15, 2021

Meco Construction INC.
684 Dunksferry Rd.
Bensalem, Pa. 19020

On July 6, 1994, the U.S. Department of Labor, Bureau of Apprenticeship and Training (BAT) approved the Laborers' International Union of North America (LIUNA) and the Associated General Contractors of America (AGC) known as Laborers-AGC. The Laborers'-AGC Education and Training Funds' National Apprenticeship Standards for the Construction Craft Laborer is 869.463.580. The O+Net Code is 47-2061.00.

The Laborers' District Council of Philadelphia and Vicinity Joint Apprenticeship and Training Committee Apprenticeship Standards were registered by the Pennsylvania Apprenticeship and Training Council and the Federal Committee on Apprenticeship on January 8, 1998, the Program Registration # PA004970018.

This JATC registered its first Apprenticeship Class in November 2000 and had its first graduating class recorded September 2004. We have graduated apprentices to journeyman status for each of the past five consecutive year Meco Construction INC. has been a union contractor in good standings with the Laborers' District Council.

If you have any questions or require additional information please contact me at 610-524-0404 ext. 1208 or .

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: Clearwater Concrete & Masonry, Inc. Date: June 15, 2023
Contractor Address: 3305-07 Frankford Avenue
Philadelphia, PA Zip Code 19134
Contact Name: Kenneth Griffin E-mail estimating@clearwaterconcr.com
(215) 739-6032 - Office
Contact Direct Phone No.: (215) 397-7848 - Cell Fax No.: None
Project Name: Falls Township Municipal Complex

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journeyman status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

{01586912;v1}

- (a) An apprenticeship training program registered within the past ten (10) years; or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

- 7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyman, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.
 - A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
 - B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
 - C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.
- 8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?
- 9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: DL Metal Design LLC Date: June 15, 2023

Contractor Address: 609 Hamilton Street, Ste 206

Allentown, PA Zip Code 18101

Contact Name: David Lopez E-mail dlopez@dlmetaldesign.com

Contact Direct Phone No.: (215) 416-8708 Fax No.: (215) 701-3988

Project Name: Falls Township Municipal Complex

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|---|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years?
DL Metal Design has NOT defaulted on any contracts. | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journeyperson status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyman, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs. N/A

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

RE: Falls Township Municipal Complex - CONTRACTOR RESPONSIBILITY CERTIFICATION 7/C

To Whom it May Concern:

This letter is to demonstrate compliance with section 7.c of the Contractor Responsibility Certification Form. DL Metal Design will be using craft employees from Local 401 Ironworkers Union for all our work. Local 401 has a long standing and extensive apprenticeship program which is described below as written on their website:

Ironworkers Apprenticeship Program is a four-year program which combines supervised on the job training and related classroom instruction. Local 401's Apprenticeship Program provides an Administrative Coordinator and highly skilled Instructors to train people to qualify as productive craftsmen in all phases of the iron working industry.

Apprentices receive training in all segments of the industry, such as, structural steel erection, rigging, miscellaneous and architectural metal erection, metal window systems, blueprint reading, welding, flame cutting, plasma arc welding and cutting, fence installation, use of hand and power tools, OSHA Construction Safety Regulations, First Aid/CPR, and the use of precise plumbing and leveling instruments. The training is comprised of "hands-on" activities, demonstrations by equipment suppliers, and classroom lectures.

We appreciate the opportunity to price this project. If you have any questions do not hesitate to contact me at the number below.

Thank you,

A handwritten signature in black ink that reads 'David Lopez'.

Participant Name _____ Participant Phone# _____

Participant Job Title: _____ Participant Start Date: _____

End Date: _____ Participant Hours: 3

From: _____ To: _____

Participant Total Hours Per Week: _____ Total Weeks: _____

Attach Worksite Job Description:

In consideration of the mutual agreement contained herein and intending to be legally bound, agrees as follows that the worksite employer and service provider:

Agrees to serve as host worksite for the youth interns assigned;

Agrees not to have an intern assigned to their worksite if a member of that intern's immediate family is employed in an administrative capacity. A close family member for purposes of this section is defined as a wife, husband, son, daughter, son-in-law, daughter-in-law, sister, brother, sister-in-law, brother-in-law, aunt, uncle, niece, nephew, step-parent, grandparent, grandchild, half-brother, half-sister, and first cousins;

Assures that: no currently employed worker will be displaced by the youth participant named in this contract, including partial displacements such as reduction in hours or non-overtime wages or employment benefits;

Assures that: no jobs will be created that will infringe in any way upon the opportunities of currently employed individuals;

Agrees that: work experience, internships, externships, and job shadowing arrangements will not unfavorably impact current employees and will not impair existing contracts for services or collective bargaining agreements; they will not replace the work of employees who

Delaware County WIOA/TANF Youth Programs
Internship, Work Experience & Job Shadowing Worksite Agreement Form

have experienced layoffs in the same or similar job and will not reduce its workforce to fill the vacancy with a youth participant;

Agrees to: develop age-appropriate work assignments that provide meaningful, challenging work experience, internships, externships, and job shadowing for the youth that benefits their community; and will not involve partisan or non-partisan political activities, including union and non-union positions;

Agrees to: develop work experience, internships, externships, and job shadowing arrangements that are in occupations in high demand within the local workforce development area;

Agrees to: develop work experience, internships, externships, and job shadowing arrangements that emphasize career pathways approach tailored to the youth's specific skill level, skill needs, and individual interest;

Agrees to: develop work experience, internships, externships, and job shadowing arrangements that assist the youth in obtaining personal attributes, knowledge, and skills needed to obtain and retain unsubsidized employment;

Agrees to provide orientation and training to supervisors and youth interns before the work experience arrangement start date and include coordination of an intern's basic work schedule with designated supervisory staff at the worksite to coincide with staff work schedules and the site hours of a given location;

Agrees to: provide work readiness training to include the acceptable model of work behavior, emphasizing punctuality, responsibility, appropriate dress, and performance;

Agrees to provide qualified personnel who possess all applicable required clearances to the youth intern assigned to the site supervisor, maintain a copy of the clearances at the worksite, and make documents available for review upon request;

Agrees to: provide a supervisory staff ratio of 1 staff supervisor to 12 youth participants; A worksite is defined as the individual location to which interns are assigned;

Agrees that: the participant's hours will not exceed 40 hours per week and will not be paid for hours not worked, and provide alternate worksite(s) and activities in the event of inclement weather;

Agrees that: time and attendance records reflect only time worked at a specific worksite, internship, externship, work experience, or job shadowing arrangement; and participants will not be reimbursed for holidays, sick or vacation absences, or lunch breaks;

Agrees to: the responsibility of maintaining accurate time and attendance records for all participants assigned to a worksite, internship, externship, work experience, or job shadowing arrangement;

Agrees: time sheets will verify participants sign in and out daily, and confirm the final signature of a participant and supervisor as verification of attendance for a pay period;

Delaware County WIOA/TANF Youth Programs
Internship, Work Experience & Job Shadowing Worksite Agreement Form

Agrees to: notify DCWDB immediately in the event of an accident on the job, which results in any degree of medical attention;

Agrees to: comply with all formal or informal surveys, evaluations, and other data collection activities as requested;

Agrees to: abide by all Child Labor Laws; regulations governing the employment of minors, Workforce Innovation and Opportunity Act (WIOA), and Temporary Assistance for Needy Families (TANF) regulations;

Agrees to: comply with all monitoring requirements on a weekly and monthly basis to ensure adherence with the services rendered;

Agrees to: prominently post in clear view: grievance procedures, equal opportunity posters, child labor law posters, and all applicable forms;

Assures that: it complies with the Pennsylvania Unemployment Compensation and Workman's Compensation Laws; and will comply with all applicable business licensing, taxation, and insurance coverage appropriate under federal, state, or local laws;

Assures that: health and safety standards established under Federal, State, and local laws otherwise applicable to working conditions of employees will be equally applicable to working conditions of this youth participant's employment and civil rights;

Assures that: a working smoke detector and unexpired fire extinguisher are available on site; Identified fire exit routes and a fire drill held for youth to evacuate safely have been discussed and completed;

Assures compliance with the requirements outlined in the certification regarding a drug-free workplace;

Agrees to: establish and maintain records following the requirements prescribed by the applicable federal, state, or local law and concerning all matters covered by this agreement; including all sums invoiced by the worksite employer and service provider shall be supported by properly executed payrolls, time records, invoices, contracts and any other accounting documents pertaining in whole or in part to this agreement identified and readily accessible for review by the funding source or auditor. Except as otherwise required, the worksite employer and service provider shall retain such records for three years from the end of the agreement period;

If, through any cause, the worksite employer and service provider shall fail to fulfill the obligations under this agreement in a timely, proper manner, or if it violates any covenant or stipulations of this Agreement, DCWDB reserves the right to amend or terminate this agreement in whole or part due to a breach of contract or reduction in funding;

By signing this agreement, the worksite employer and service provider assures it will follow the local areas applicant/participant/enrollee civil rights and complaint/grievance procedures signed by the participant and not discriminate against any employee, an applicant for employment, independent contractor, or any other person because of race, color, religious creed, ancestry, national origin, age or sex;

To Whom It May Concern:

This letter will serve as notice that Crawford Caulking has been an active member and a participating contractor in the Local 1 PA/DE Joint Apprenticeship Training Program.

This is an approved apprenticeship program, #PA004970003, registered in the Commonwealth of Pennsylvania with the Department of Labor and Industry since September 11th, 1997. The apprenticeship program has graduated apprentices every year since 1997.

The Local 1 PA/DE Apprenticeship Program represents bricklayers, pointers, cleaners and caulkers, stone masons, and tile. Our jurisdiction includes Philadelphia, Bucks, Chester, Delaware, Montgomery counties in Pennsylvania and the state of Delaware.

The apprenticeship program includes both on-the-job and classroom/shop related instructional training.

If you have any questions, please feel free to contact me at 215-330-0544.

Sincerely,

Kyra Mood

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: Metal Structures, Inc. Date: 06/19, 2023

Contractor Address: 720 Haven Avenue

Ocean City, NJ Zip Code 08226

Contact Name: Josh Marshall E-mail jmarshall@metalstructuresinc.com

Contact Direct Phone No.: 609-938-0131 Fax No.: 609-938-0232

Project Name: Falls Township Municipal Complex

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journeyman status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyperson, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* (“ERISA”), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

Re: DC21 Contributions Letter of Good Standing

This letter is intended to acknowledge that Graboyes, LLC is current and has submitted contributions reports for fringe benefits owed to the DC21 benefit funds for each month for which a report is due as of the date of this letter.

However, this letter is not intended to imply that 100% of the contributions, including interest, and/or liquidated damages, if applicable, owed to the funds has been paid and no such determination can be made in the absence of an audit of the contractor's books and records.

If you should require any additional information, please contact the IUPAT District Council 21 Benefits Office at 215-934-5130.

Sincerely,

Brian Smith
Delinquency Controller

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: Almond Glass Works, Inc. Date: 6/21, 20 23

Contractor Address: 120 Ferry Avenue

Collingswood, NJ, Zip Code 08108

Contact Name: Jack Almond E-mail Jack@almondglass.com

Contact Direct Phone No.: 856-962-6900 Fax No.: 856-962-5606

Project Name: Falls Township Municipal Complex

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years; or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journey person, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.
- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
 - B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
 - C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.
8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?
9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

Eastern Atlantic States
CARPENTERS TECHNICAL COLLEGE

Training Locations

PA: Philadelphia, Allentown

NJ: Edison, Northampton, Erie

DE: New Castle, Georgetown

June 9, 2023

To Whom It May Concern:

This letter will serve as notice that Penn Acoustics, Inc. has been an active member and a participating contractor in Eastern Atlantic States Carpenters Technical College. This is an approved apprenticeship program, Program #00645001, registered in the Commonwealth of Pennsylvania with the Department of Labor and Industry, the Pennsylvania Apprenticeship Council, and the Federal Committee on Apprenticeship since October 1, 1945. The apprenticeship program has graduated apprentices every year since 1946.

The Eastern Atlantic States Carpenters Technical College includes carpenters, floor layers, lathers, mill/cabinetmakers, and millwrights. Our jurisdiction includes Philadelphia, Bucks, Chester, Delaware, Lehigh, Montgomery, Northampton, Carbon, Berks, and Lancaster counties in Pennsylvania.

The EASCTC Standards are also registered in the states of Delaware and Maryland.

The apprenticeship program includes both on-the-job and classroom/shop related instructional training. We currently have four training centers. The main training center is located at 10401 Decatur Road Philadelphia, PA. Additionally, we have a training center located at 620 Wilmington Road New Castle, DE, 21420 Vaughn Road Georgetown, DE, and 1818 Vultee Street, Allentown, PA 18103.

If you have any questions, please feel free to contact me at 215-824-2300.

| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journeyman status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journey person, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

RE: Apprenticeship Certification

Dear Sir or Madam:

This is to certify that The Gillespie Group is signatory with the Eastern Atlantic States Regional Council of Carpenters and uses employees who are serving their apprenticeship with Carpenters Local # 251. They are in good standing and are meeting all requirements for the apprenticeship program.

This program is sponsored by the Carpenters JAC Local #251 and is registered and granted the registry number 8383 by the Bureau of Apprenticeship and Training of the U.S. Department of Labor and assigned the approval number of 17688 by the New Jersey Department of Education and given the Program Code for the Northeast Carpenters Apprentice Training Fund NJ004000026 by the NJ Department of Labor.

Sincerely,

Thomas Iveson
Senior Council Representative
Eastern Atlantic States Regional Council of Carpenters

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: Pennsylvania Flooring - a div of ReSource New Jersey, Inc. Date: June 18, 2023

Contractor Address: 2161 Potshop Lane

East Norriton, PA Zip Code 19403

Contact Name: Alan Chmielewski E-mail: alanc@flooringpa.com

Contact Direct Phone No.: 610-909-9217 Fax No.: _____

Project Name: Falls Township Municipal Complex

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

- 7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journey person, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

 - A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
 - B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
 - C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

- 8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?
- 9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

Subject: Company Apprenticeship Program

Dear Patricia Strunk

Please accept this letter and attachment document as proof that our company (Pennsylvania Flooring – a div of ReSource New Jersey, Inc.) participates in an apprenticeship program. We utilize only Union labor through the Commercial Resilient Floor Coverers union, Local 251 and employ apprentices through their program. See the attached Apprenticeship wage rate sheet for yearly wage rate breakdowns.

Please let me know if you have any questions or require further information.

Sincerely,

**Alan E.

JOINT APPRENTICESHIP TRAINING CENTER

June 23, 2023

To Whom It May Concern:

This letter will serve as notice that Roman Mosaic and Tile Company has been an active member and a participating contractor in the Local 1 PA/DE Joint Apprenticeship Training Program.

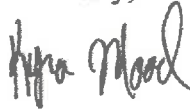

This is an approved apprenticeship program, #PA004970003, registered in the Commonwealth of Pennsylvania with the Department of Labor and Industry since September 11th, 1997. The apprenticeship program has graduated apprentices every year since 1997.

The Local 1 PA/DE Apprenticeship Program represents bricklayers, pointers, cleaners and caulkers, stone masons, and tile. Our jurisdiction includes Philadelphia, Bucks, Chester, Delaware, Montgomery counties in Pennsylvania and the state of Delaware.

The apprenticeship program includes both on-the-job and classroom/shop related instructional training.

If you have any questions, please feel free to contact me at 215-330-0544.

Sincerely,

Kyra Mood
Office Coordinator

RE: SS Gill Company

To Whom It May Concern:

Please be advised that **SS Gill Company** is signatory to Local 592's Collective Bargaining Agreement, they employ cement masons from our local union to pour and finish concrete. The Cement Masons & Plasterers Union Local 592 has an approved Apprenticeship Program with the State of Pennsylvania. Our program consists of three (3) years, it puts into the hands of young people the knowledge and skill of the whole concrete trade. The Cement Masons Joint Apprentice Program has graduated the best cement masons in the region since 1994.

Our Program Number is PA005450001. Enclosed with this letter is the signature page from our Apprenticeship Standards with the PA Apprenticeship and Training Council.

If you have any questions or require additional information please feel free to contact our office.

The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyman, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* (“ERISA”), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

KEYSTONE MOUNTAIN LAKES REGIONAL COUNCIL OF CARPENTERS

UNITED BROTHERHOOD OF CARPENTERS AND JOINERS OF AMERICA

WHEREAS, the Contractor desires to employ employees represented by the Keystone Mountain Lakes Regional Council of Carpenters ("KMLRCC") and their affiliated Local Unions of the United Brotherhood of Carpenters and Joiners of America ("UBCJA") hereinafter the "Union" in their respective territorial jurisdictions which employment will require payments to the Benefit Funds referenced in the collective bargaining agreements and check-off dues deductions to the KMLRCC.

WITNESSETH, the undersigned agrees to be bound by every applicable current collective bargaining agreement between the KMLRCC or other local Unions affiliated with the UBC and the members of the contractor associations, governing wages, working conditions and payments to fringe benefit funds applicable to the construction site location where the work is being performed, which agreements are incorporated herein by reference. The Contractor acknowledges that the Union has demonstrated that the Union has majority support and represents a majority of the Contractor's employees in an appropriate unit for the purposes of collective bargaining. Accordingly, the Union demands and the Contractor recognizes the Union as the exclusive bargaining agent under Section 9 of the National Labor Relations Act for all of its employees within the contractual bargaining unit. The permanent arbitrator appointed by the Trustees of the applicable Funds shall herein decide all matters concerning wages and benefits and all matters concerning procedural or substantive arbitrability. Notwithstanding any contrary provisions in the above described agreements, the permanent arbitrator is also authorized to hear and decide any and all contractual disputes arising under the grievance and arbitration provisions of those agreements. The Agreements and Declarations of Trust, as amended, governing the above-mentioned fringe benefit Funds are agreed to by the parties and incorporated herein by reference. This Agreement shall continue in effect for the duration of the above referenced applicable collective bargaining agreements, whether renewed by renegotiations or otherwise, including any amendments and/or modifications thereto, and shall continue in full force and effect from year to year unless at least 90 days before expiration of the then current collective bargaining agreement either party notifies the other in writing by certified mail, return receipt requested, of cancellation of this Agreement. This agreement shall also govern any corporation, partnership, or sole proprietorship which is deemed to be a controlled entity under the Internal Revenue Code or which is a successor to, joint employer with, or alter ego of the undersigned Contractor. To the extent the undersigned contractor subcontracts any work covered by this Agreement to any subcontractor or other person the Contractor shall be liable for all contributions owing to the above-mentioned Funds in the event the subcontractor or person fails to pay contributions to said Funds for employees covered by this or the above referred to Agreement who are employed by the said subcontractor or person.

 Project Name: FALLS TOWNSHIP MUNICIPAL COMPLEX

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journeyman status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journey person, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.
- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
 - B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
 - C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

Kirkwood, NJ 08043

RE: Apprenticeship Program

Dear Gene,

Please be advised that Sheet Metal Workers' International Association, Local 19 is committed to equal opportunity employment throughout its jurisdiction including the State of New Jersey. Our collective bargaining agreement provides, among other things,

The parties to this Agreement agree that they will not discriminate against any applicant for employment or any Employee because of race, creed, color, national origin, sex or occupationally irrelevant physical requirements or handicaps.

Similar provisions may be found in the Apprenticeship standards regarding the admission of new apprentices.

Local 19 is committed to providing referrals on an equal opportunity basis and will use its best efforts to provide you with a work force that meets your contract obligations. We already have in place affirmative action efforts to increase the number of minorities and women in our apprenticeship program. We are also aware of *Schurr v. Resorts International Hotel Inc. et al.* and other cases in which the courts struck down affirmative action programs that were not designed to remedy the effects of past discrimination.

We look forward to working with you and providing the best working persons available in the field as an equal opportunity employer.

Sincerely,

Gary J. Masino,
President/Business Manager

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: DDM Steel Construction, LLC Date: 06/15, 2023

Contractor Address: 3659 N. Delsea Dr.

Vineland, NJ Zip Code 08360

Contact Name: Richard Muckenfuss E-mail Rich.ddmsteel@gmail.com

Contact Direct Phone No.: (856) 794-9400 Fax No.: (856) 794-9500

Project Name: Falls Township Municipal Building

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journey person, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?
9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

RE: Apprentice Program / Falls Township

To Whom It May Concern:

Please be advised that JT Erectors, LLC is a Union subsidiary company of DDM Steel Construction, LLC.

We handle any and all of DDM's field erection for New Jersey, Pennsylvania and Delaware. We are a signatory for the Ironworker Union Halls, including but not limited to: Ironworkers Local 399 (Southern & Mid New Jersey), Iron Workers Local 373 (Northern New Jersey), Iron Workers Local 401 (Philadelphia & surrounding PA) as well as Iron Workers Local 451 (Delaware).

Being a signatory of the local union halls, we become a participant in the Apprentice Training Program provided by these union halls.

As you can see from the attached information, the particular union hall for this project would be Ironworkers Local 399 and the supporting documentation is attached.

Please let me know if there are any questions or anything further you would need to discuss.

Sincerely,

Richard L Muckenfuss
Managing Member

Norristown, PA Zip Code 19401

Contact Name: Darren Phillips E-mail: darren.phillips@diversifiedss.com

Contact Direct Phone No.: 215-264-0058 Fax No.: 610-277-1403

Project Name: Falls Township Municipal Complex

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyperson, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* ("ERISA"), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?
9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

RE: Finishing Trades Institute of the Mid-Atlantic Region (FTI-MAR) Apprenticeship Program PA007460001

To Whom It May Concern:

Please accept this letter as verification that G.C. Zarnas & Co., Inc. is in good standing with IUPAT District Council 21 and its official training provider the FTI-MAR. The FTI-MAR is a class (A) Apprenticeship Program registered with the Department of Labor in the state of Pennsylvania and Delaware.

Furthermore, the following apprenticeship programs have graduated apprentices to journey-person status in three (3) of the last five (5) years:

- Drywall Finisher (0561HY)
- Glazier (0221HY),
- Painter, Industrial Coating and Lining Applicator Specialist (2009HY)
- Painter-Decorator (Wall coverer) (0379HY)

Please let me know if you have any questions.

Sincerely,

Erin O'Brien Hofmann – Director of Education

To Whom It May Concern:

This letter ensures that all Field Installation Crews, representing Sauder Manufacturing Co., dba Sauder Courtroom Furniture, have all been trained by SMC Logistics Management and are all certified to install furniture in a courthouse.

If required for installation, a background check can be requested on our certified installation teams. Our teams are also available for an onsite Safety meeting, SMC would need to know of this requirement ahead of time.

If you have any questions, please contact SMC or your local Sales Consultant team at Miller Church Interiors.

Thank you,

Chelsea Roth

Document A305™ – 2020 Exhibit A

General Information

This Exhibit is part of the Contractor’s Qualification Statement, submitted by **Rycon Construction, Inc.** and dated the **3rd** day of **May** in the year **2023**.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

§ A.1 ORGANIZATION

§ A.1.1 Name and Location

§ A.1.1.1 Identify the full legal name of your organization.

Rycon Construction, Inc.

§ A.1.1.2 List all other names under which your organization currently does business and, for each name, identify jurisdictions in which it is registered to do business under that trade name.

Rycon does not have any other names in which we do business. Please see attached sheet on jurisdictions which Rycon is registered to do business.

§ A.1.1.3 List all prior names under which your organization has operated and, for each name, indicate the date range and jurisdiction in which it was used.

None

§ A.1.1.4 Identify the address of your organization’s principal place of business and list all office locations out of which your organization conducts business. If your organization has multiple offices, you may attach an exhibit or refer to a website.

Please see attached.

§ A.1.2 Legal Status

§ A.1.2.1 Identify the legal status under which your organization does business, such as sole proprietorship, partnership, corporation, limited liability corporation, joint venture, or other. **Corporation**

- .1 If your organization is a corporation, identify the state in which it is incorporated, the date of incorporation, and its four highest-ranking corporate officers and their titles, as applicable.

Date of Incorporation:	4/27/89
State of Incorporation:	Pennsylvania
CEO/President’s name:	John W. Sabatos
COO’s name:	Kevin T. Montez
Secretary’s name:	Kevin T. Montez
Treasurer’s name:	John W. Sabatos
CFO:	Gretchen Gring

- .2 If your organization is a partnership, identify its partners and its date of organization.
- .3 If your organization is individually owned, identify its owner and date of organization.
- .4 If the form of your organization is other than those listed above, describe it and identify its individual leaders:

§ A.1.2.2 Does your organization own, in whole or in part, any other construction-related businesses? If so, identify and describe those businesses and specify percentage of ownership. **None**

§ A.1.3 Other Information

§ A.1.3.1 How many years has your organization been in business? **34 years**

§ A.1.3.2 How many full-time employees work for your organization? **335 office staff and 350-400 field staff.**

§ A.1.3.3 List your North American Industry Classification System (NAICS) codes and titles. Specify which is your primary NAICS code. **Primary NAICS Code: 236220**

§ A.1.3.4 Indicate whether your organization is certified as a governmentally recognized special business class, such as a minority business enterprise, woman business enterprise, service disabled veteran owned small business, woman owned small business, small business in a HUBZone, or a small disadvantaged business in the 8(a) Business Development Program. For each, identify the certifying authority and indicate jurisdictions to which such certification applies. **N/A**

§ A.2 EXPERIENCE

§ A.2.1 Complete Exhibit D to describe up to four projects, either completed or in progress, that are representative of your organization's experience and capabilities.

§ A.2.2 State your organization's total dollar value of work currently under contract. **\$2,473,400,000**

§ A.2.3 Of the amount stated in Section A.2.2, state the dollar value of work that remains to be completed: **\$1,088,200,000**

§ A.2.4 State your organization's average annual dollar value of construction work performed during the last five years. **\$512 million**

§ A.3 CAPABILITIES

§ A.3.1 List the categories of work that your organization typically self-performs.

Dependent upon location, Rycon self-performs selective demolition, rough/finished carpentry, doors/frames/hardware, drywall/acoustical, architectural woodwork, and concrete.

§ A.3.2 Identify qualities, accreditations, services, skills, or personnel that you believe differentiate your organization from others.

Casework & Millwork Division

- **Rycon maintains a 50,000 sq. ft. manufacturing facility holding our self-perform Casework & Millwork Division which delivers high quality craftsmanship and consistently meets or exceeds demanding construction schedules. Our Casework & Millwork Division is Forest Stewardship Council (FSC) certified and Architectural Woodwork Institute (AWI) certified.**

Employee Stock Ownership Program

- **As of October 2018, Rycon Construction, Inc. became an Employee Stock Ownership Program (ESOP), so Rycon is 100% employee-owned. After the first year of continuous full-time employment with Rycon Construction, Inc., employees are entered into the ESOP program. After each fiscal year all employees are awarded shares and those shares are assigned a value based on the overall profitability of the company.**

In-House MEP Department

- **Rycon has developed an internal group specializing in the MEP systems that are so crucial to building projects. Our internal professionals consist of both design engineers and experienced staff who worked many years for major mechanical and electrical firms.**

§ A.3.3 Does your organization provide design collaboration or pre-construction services? If so, describe those services.
Please see attached.

§ A.3.4 Does your organization use building information modeling (BIM)? If so, describe how your organization uses BIM and identify BIM software that your organization regularly uses.
Please see attached.

§ A.3.5 Does your organization use a project management information system? If so, identify that system.
Please see attached.

§ A.4 REFERENCES

§ A.4.1 Identify three client references:

Name: Andrew Stoeri, Vice President of Development

Organization: ShopCore Properties, 50 S. 16th Street, Suite 3325, Philadelphia, PA 19102

Contact Information: 215-330-4219

Name: Justin Lippa, Assistant Vice President, Construction

Organization: Macerich, 1162 Pittsford-Victor Road, Suite 100, Pittsford, NY 14534

Contact Information: 585-249-4430

Name: Lloyd Sova, Vice President of Development

Organization: PREP Property Group, 5905 E. Galbraith Road, Suite 100, Cincinnati, OH 45236

Contact Information: 513-746-2593

§ A.4.2 Identify three architect references:

Name: Matthew R. Hansen, Principal

Organization: IKM Architecture, 11 Stanwix Street, Suite 2200, Pittsburgh, PA 15222

Contact Information: 412-281-1337

A.3.3 Does your organization provide design collaboration or pre-construction services? If so, describe those services.

PRECONSTRUCTION

Rycon's preconstruction approach is proactive and forward thinking. Our team and any preferred subcontractors will work to provide a comparative analysis on varying materials, systems, and assemblies to maintain good dialogue amongst the team members for any potential value engineering, cost savings, or alternate possibilities. All preconstruction activities are important to assure cost, quality, and schedule are continually at the forefront of decision making. Each element will be assigned a budget value at an appropriate point in time so the development team can make an informed decision on any individual issue. However, it is also important to maintain an eye on the global estimate so these individual cost decisions are being evaluated as part of the total program. Our job is to assist both the Owner and Architect in determining where they choose to spend their money.

CONCEPTUAL ESTIMATING

Successful projects are built upon solid estimating and budget development based on a clear understanding of the intended scope, schedule, and the team's expectations. Rycon's experienced preconstruction team will draw upon our vast company-wide database of current pricing using cost management tools to develop accurate and reliable cost models.

COST ESTIMATING PROCESS

Document Review: Our estimating team will examine the project documents to ensure they are complete, noting any missing information and following up accordingly. Rycon will divide the project into logical subcomponents that can be quantified and priced.

COST ESTIMATE TYPES

Rycon will complete estimates at all major milestones with increasingly more detailed and accurate information to ensure the project is being designed within budget. We are fully prepared to deliver the programming, schematic, and design development estimates as required. Estimate types that may be required:

- **Schematic Design (SD) Estimate:** The SD estimate builds on the established program budget by organizing costs by major construction elements. The estimating staff develops a detailed statement of construction costs including any contingencies and allowances based on a review and analysis of the SD drawings.
- **Design Development (DD) Estimate:** Using quantity surveys from the enhanced design development documents - mechanical, electrical, and plumbing documentation begins to materialize. Because there is more detail for specific project components, the accuracy of the estimate is increased. At this point, some allowances become real numbers, some allowances can be reduced, and the recommended contingency percentage is reduced as well. A full cost report will be provided at this time.
- **50% Construction Document (CD) Estimate:** This estimate reflects the impact of changes that occur following the DD estimate. CD documentation is detailed and complete, thus, the construction cost is very detailed. At this stage the project team sorts the estimate to reflect the GMP bidding strategy and provides the information required to eliminate any allowances or unallocated budget items and establish bid alternates.
- **GMP Pricing:** This preparation will include finalizing the list of invited subcontractors and suppliers, realignment of any cost components to remain consistent with the budget and schedule, and reducing, changing, and/or eliminating any elements of cost, allowances, alternates, etc.

Once the GMP is finalized, the remaining allowances and contingency are tracked during administration of the project. If changes in scope are initiated by the Owner, these changes are tracked and administered in accordance with the Scope of Services Description and Rycon's standard procedures. Reports are submitted on a periodic basis throughout construction with unspent allowances or contingency dollars being isolated so the Owner can continue to make budgetary decisions as time permits.

A.3.4 Does your organization use building information modeling (BIM)? If so, describe how your organization uses BIM and identify BIM software that your organization regularly uses.

PURPOSE OF THE BIM MODEL

- ✓ The use of BIM coordination during design and construction improves the overall project delivery.
- ✓ Rycon actively manages the coordination between the design team, project team, and subcontractors to reduce the amount of unforeseen conditions generally found in uncoordinated 2D drawings.
- ✓ Coordinated models are not only useful in the construction phase, but also after completion. The model serves as an electronic active as-built or record copy of the building structure and MEP systems.

MANAGING COORDINATION

- ✓ Rycon will facilitate a weekly BIM coordination meeting with the subcontractors and BIM designers to review the detected clashes in detail.
 - Clash detection will be performed in the following models:
 - ◇ MEP routing
 - ◇ Building structure
 - ◇ Façade and interiors
 - Clash detections are completed by floors. Rycon requires a floor to be formally signed off by the entire project team prior to proceeding to the next level. This verifies our installation is accurate as the construction phase progresses.
 - ◇ Floor signoff/turnover is aligned with overall project schedule to ensure a timely delivery for project completion.
- ✓ The primary focus of these coordination meetings is to generate a working model free of clashes amongst all entities of the building and transforming it into coordinated drawings.

USE OF MODEL REMOTELY (ONSITE)

- ✓ If selected to incorporate BIM into a project, Rycon has the ability to utilize a series of platforms in the field office on LCD screens, personal iPads, and laptops to access the model remotely. This gives the team the ability to collaboratively solve issues immediately as they occur in the field with the 3D model.
 - This also give us the ability to share consistent data remotely and onsite as construction progresses.
- ✓ The model is a great tool for displaying the final product prior to completion of construction to develop live updated renderings for the Owner's use.

BENEFITS

- ✓ Enhances team communication, collaboration, and engagement amongst the entire project team.
- ✓ Enables a quick response to change with procedures that are fast and intelligent.
- ✓ Collaborative clash detection during design and construction. Early coordination during design is essential to the overall project completion and cost control. It reduces RFI's, Co's, and re-work of in-place work.
- ✓ Complete and inclusive management of the BIM modeling schedule and plan that is tied to the construction schedule and contracts.
- ✓ Provides greater project insight for cost, schedule, and constructability.
- ✓ Improves building quality and optimizes operational efficiencies.
- ✓ Deliver the project on time and under budget.
- ✓ Reuse building models and data to effectively manage facility operations.

A.3.5 Does your organization use a project management information system? If so, identify that system.

A specific list of project management software Rycon utilizes on all projects is outlined below:

PRIMAVERA P6

Used to assist in developing the project plan, assigning resources to tasks, and track project progress.

- ✓ The schedule is updated regularly as necessitated by field conditions or input from a construction team member. Rycon will monitor job progress and alert all appropriate parties if any milestone dates are not being met.

PROCORE SOFTWARE

- ✓ Controls the paperwork side of the project.
- ✓ Creates clear/easily understood reports for the team to effectively manage the construction process.
- ✓ The team will use Procore for the following project components:
 - Contacts and general project information
 - Documents and specification tracking
 - Subcontracts and purchase orders
 - Request for change orders (RFCO) and change order (CO) management
 - ◇ Rycon will organize a meeting between the Owner and Architect soon after the contract has been executed to establish cost control requirements. It is typical on most Rycon projects to provide monthly budget reports to the project team. Our budget reports will contain the latest cost information and will include all approved CO's to date, any pending CO's, and all approximate CO's that may affect the budget. Our reports will give the team a snapshot view of the projected final costs for the project.
 - ◇ Procore will help track subcontracts and CO's. Once a change is requested by the Owner via an ASI or Construction Change Directive, our PM will establish a RFCO. Rycon will request pricing from the subcontractors involved in the change. Once all pricing is received from the subcontractors, Rycon will thoroughly evaluate the CO pricing for accuracy and completeness, then pass along to the Owner for review.
 - ◇ During the regularly scheduled Owner/Architect/Contractor meetings Rycon will discuss the status of outstanding RFCO's so they are addressed quickly and effectively. The RFCO's are coordinated with the Owner, and if necessary, further meetings are established to resolve/approve the change.
 - Submittals and tracking
 - ◇ Procore will catalog and monitor all submittals. Updates are performed regularly. It is Rycon's responsibility to monitor and expedite this process to eliminate delays in the work.
 - Request for information processing and tracking
 - ◇ At the start of the project, Rycon will direct our subcontractors to send all RFI's to Rycon's PM for processing. Rycon will thoroughly review the RFI question(s) and attempt to answer the RFI by reviewing the documents. If we are unable to answer, then we will forward the RFI to the Architect. All requests will be in the form of an official RFI with a corresponding tracking number.
 - ◇ Procore will create the RFI and number. Our PM will track the RFI from start to finish, then forward the answered RFI to all parties. At the precon meeting the procedure for processing the RFI will be established. Our preferable process is to produce the RFI through Procore, scan, and email the RFI to the Architect. The Architect can then answer the RFI and reverse the process. We have found this process to be quite successful and timely.

COINS

The project team and Rycon's accounting team will utilize COINS for tracking costs, revenue, quantities, and cash.

- ✓ Once the project is awarded, the budget is transferred from preconstruction to operations and reconfigured in a form which is conducive to the appropriation of actual costs as they occur. The information is inputted into COINS and the individual line items are assigned a cost code. All costs including labor, material, and subcontractors are entered into the system according to this code. Costs are entered weekly and project reviews are performed monthly; budgets will be revised and updated. Cost projections for CO's, individual line items savings and overruns are also established at these meetings. These reports not only document what has transpired to date, but also forecast anticipated overruns or savings based upon current work rates.

Financial and Performance Information

This Exhibit is part of the Contractor’s Qualification Statement, submitted by **Rycon Construction, Inc.** and dated the **3rd** day of **May** in the year **2023**.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

§ B.1 FINANCIAL

§ B.1.1 Federal tax identification number: **25-1601544**

§ B.1.2 Attach financial statements for the last three years prepared in accordance with Generally Accepted Accounting Principles, including your organization's latest balance sheet and income statement. Also, indicate the name and contact information of the firm that prepared each financial statement. **Due to company policy and confidentiality, the financial information is available upon request.**

§ B.1.3 Has your organization, its parent, or a subsidiary, affiliate, or other entity having common ownership or management, been the subject of any bankruptcy proceeding within the last ten years? **No**

§ B.1.4 Identify your organization’s preferred credit rating agency and identification information.

Dun and Bradstreet: 60-318-0118

§ B.2 DISPUTES AND DISCIPLINARY ACTIONS

§ B.2.1 Are there any pending or outstanding judgments, arbitration proceedings, bond claims, or lawsuits against your organization, its parent, or a subsidiary, affiliate, or other entity having common ownership or management, or any of the individuals listed in Exhibit A, Section 1.2, in which the amount in dispute is more than \$75,000? **No**

§ B.2.2 In the last five years has your organization, its parent, or a subsidiary, affiliate, or other entity having common ownership or management:

(If the answer to any of the questions below is yes, provide an explanation.)

- .1 failed to complete work awarded to it? **No**
- .2 been terminated for any reason except for an owners’ convenience? **No**
- .3 had any judgments, settlements, or awards pertaining to a construction project in which your organization was responsible for more than \$75,000? **No**
- .4 filed any lawsuits or requested arbitration regarding a construction project?
Rycon successfully completed a \$28.9 million, 127-unit apartment building for Vitmore Baum Holdings, L.P. with Stantec acting as the architectural firm. The building received a temporary certificate of occupancy on 6/30/17 and began leasing apartments. The certificate of occupancy was temporary in lieu of final due to difficulties that

the owner experienced completing their own work, especially in terms of permits, water availability, and several subcontractors which were contracted directly by the owner in an effort to save money. Despite Rycon diligently pursuing the certificate of occupancy and final completion of the project, the owner refused to pay for some progress payments, retainage and change orders and took the position that the liquidated damages continue (completely contrary to contract terms) despite the owner having had beneficial occupancy of the building on 6/30/17 at the latest. Due to this, Rycon filed for a resolution through Triple A arbitration per the terms of the contract with the owner. The dispute was settled prior to arbitration commencing. Subsequently, the Ownership group restructured and have agreed to proceed with Rycon on Phase 2 of this project, a 100+ unit 2nd adjoining building.

In December of 2016, Rycon Construction Inc. (Rycon) successfully completed a \$3.1 million renovation of the Baroness Café which was an 18,000 sq. ft. dining facility operated by Aramark at Erlanger Medical Center (EMC) in Chattanooga, TN. Rycon had initially contracted with Aramark to commence with renovations in February of 2015, but then Aramark subsequently terminated their contract with EMC in July 2015 over disputes concerning unforeseen conditions and other “non-construction” issues. Due to this termination, Rycon was directed to cease construction work on

July 31, 2015, several months before the scheduled project completion. Rycon was directed to bill all completed work in full and pull offsite. With a new food service provider, Sodexo, now in the mix, EMC and Sodexo requested updated pricing from Rycon to return to the site and complete the outstanding scope of work. After months of re-negotiations and contractual language fine tuning, Rycon re-engaged as the prime contractor with EMC on approximately April 13, 2016, effectively known as Phase 2. The construction of Phase 2 came to completion in December 2016 and Rycon submitted a final AIA pay application dated January 30, 2017 in the amount of \$137,873.44. Due to continuing disputes with Aramark, EMC failed to pay the January AIA payment amount to Rycon. On or about September 21, 2017 and after exhausting all avenues to be paid, Rycon filed a mechanics lien then ultimately filed suit on January 5, 2017 and agreed to a mediation forum with Aramark and EMC. The mediation was held on May 23, 2018 and all parties settled mutually.

Rycon successfully completed a \$1.9 million, 5,847 sq. ft. renovation and expansion of an existing commercial building for JM Motorsports, LLC. with Baranco Gonzalez Architecture acting as the architectural firm. The building received a temporary certificate of occupancy on 8/8/17 and began operating for business and selling merchandise/motorcycles. The certificate of occupancy was temporary in lieu of final due to difficulties that the Owner experienced completing their work, especially in terms of permits, the Owner never submitted the original design drawings to MDWASD and therefore the project could not be closed out until

the permit was issued. Despite Rycon diligently pursuing the certificate of occupancy and final completion of the project, the Owner refused to pay for some progress payments, retainage and change orders despite the owner having had beneficial occupancy of the building on 8/8/17. Due to this, Rycon filed a lien on the project for monies owed on 4/13/2018 and subsequently filed lawsuit on 6/13/2018. Mediation was set to 3/7/2019, but JM Motorsports Legal team asked to be removed from the case late February 2020. Rycon will continue to move forward with our lawsuit once new council is named.

Rycon successfully completed a \$14 million, 53,124 sq ft. Hotel for Arrakis LLC (Developer) with JMAC Architecture serving as the project Architect. The Hotel was issued a certificate of substantial completion by the Architect on 11/11/20 and final inspection by the AHJ took place on 11/20/20. Once the Developer provided some required paperwork to the AHJ, the formal Certificate of Occupancy was issued on 12/17/20 and the Hotel began Guest operations. Despite not receiving payment for our September 2020 or October 2020 (Final) invoices in accordance with the terms of the contract, Rycon diligently continued to pursue completion of the project and procurement of the Certificate of Occupancy from the AHJ to allow the Hotel to begin operations. Repeated payment status update requests to the Developer and Architect leading up to and after turnover of the Hotel were not responded to by either the Developer and/or the Architect. On 2/26/21 Rycon received notice from the Developer's council advising that the Developer is now taking exception to all of the previously approved, signed and paid change order amounts on the project as well as all of the previously approved and signed contract time extensions on the project and is demanding repayment for all previously approved and paid CO amounts and repayment for all previously approved and paid amounts associated with approved time extensions issued on the project. Rycon filed a lien on the project for monies owed. An arbitration date was set but a settlement was reached prior to arbitration paying Rycon 98.8% of all monies owed, including the change orders that they had signed and then later disputed.

Rycon Construction, acting as a General Contractor, successfully completed an expansion of the Tanger Outlet Center in Lancaster, PA in early 2018. As part of the construction, two new storm water detention basins were constructed under the parking area per plan and specification. In August 2018 after a summer of abnormally heavy rains, one of the storm basins failed and partially collapsed, the secondary basin was inspected and found to be in danger of collapsing as well. Two lawsuits were filed, one directly by Tanger Properties for the still intact basin that they felt needed replaced, and the other by Ace American Insurance for the basin that failed and was thereby replaced through a property insurance claim. In addition to Rycon, the two nearly identical suits name the Civil Engineering Firm, the Manufacturer of the basin system, the Distributor of the basin system, and the subcontractor hired by Rycon to install the basin system. It is Rycon's assertion that runoff

from the adjacent and upstream leach bed drainage structure allowed water to build thereby applying a lateral force on the sides of the detention basins. The detention system and its plastic modules were not engineered to sustain lateral pressure. Rycon had no role whatsoever in the design or selection of the two storm basins that were installed on the project. Further, Rycon asserts that the detention systems and leach bed drainage structures were installed per plan and specification and were inspected multiple times during installation by both manufacturers' representatives and local building inspectors. We believe, along with the independent Civil Engineer who reviewed the existing and re-designed the new system, that the design did not adequately factor in the potential for lateral pressures from adjacent drainage structures. Of note, the two replacement basins that were constructed (by a contractor independent of these actions) incorporated an underground cast in place concrete retaining wall as a water diversion paired with basin modules from another manufacturer that are designed to withstand lateral pressure. It is our belief the dramatic re-design and re-construction of these basins is a very clear indication that the original design was inadequate. A settlement was reached in this case that satisfied all parties involved.

§ B.2.3 In the last five years, has your organization, its parent, or a subsidiary, affiliate, or other entity having common ownership or management; or any of the individuals listed in Exhibit A Section 1.2: *(If the answer to any of the questions below is yes, provide an explanation.)*

- .1 been convicted of, or indicted for, a business-related crime?
No
- .2 had any business or professional license subjected to disciplinary action?
No
- .3 been penalized or fined by a state or federal environmental agency?
No

AIA[®]

Document A305™ – 2020 Exhibit C

Project Specific Information

This Exhibit is part of the Contractor’s Qualification Statement, submitted by **Rycon Construction, Inc.** and dated the **3rd** day of **May** in the year **2023**.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

PROJECT:
Falls Township Municipal Complex

CONTRACTOR’S PROJECT OFFICE:
Rycon’s Philadelphia Office
100-120 N. 18th Street, Two Logan Square, Suite 1800
Philadelphia, PA 19103

TYPE OF WORK SOUGHT
General Contracting & Construction Management

CONFLICT OF INTEREST

Describe any conflict of interest your organization, its parent, or a subsidiary, affiliate, or other entity having common ownership or management, or any of the individuals listed in Exhibit A Section 1.2, may have regarding this Project.

Rycon does not have any conflicts of interests.

§ C.1 PERFORMANCE OF THE WORK

§ C.1.1 When was the Contractor’s Project Office established?

Rycon’s Philadelphia office was established in 2018 while Rycon’s Headquarters in Pittsburgh was established in 1989.

§ C.1.2 How many full-time field and office staff are respectively employed at the Contractor’s Project Office? **53 full-time field and office staff.**

§ C.1.3 List the business license and contractor license or registration numbers for the Contractor’s Project Office that pertain to the Project.

Philadelphia Business License No. 053386;
Pennsylvania Business License Certificate No. TSC210521141450-1

§ C.1.4 Identify key personnel from your organization who will be meaningfully involved with work on this Project and indicate (1) their position on the Project team, (2) their office location, (3) their expertise and experience, and (4) projects similar to the Project on which they have worked.

Rycon Construction is a national firm with offices in Atlanta, Cleveland, Fort Lauderdale, Fort Myers, Houston, Philadelphia, Pittsburgh and Washington, DC. Each office has experienced staff members that are capable of managing the demolition and renovation of an existing building, as well as building new construction and working on site improvements. Once this specific project is discussed further, we will provide a full project team based on geographic location, scope of work and project start date and duration.

§ C.1.5 Identify portions of work that you intend to self-perform on this Project.
Rycon does not intend to self-perform work.

§ C.1.6 To the extent known, list the subcontractors you intend to use for major portions of work on the Project.
Rycon has built a loyal following of subcontractors, vendors, and suppliers. Upon request, Rycon can provide a list of qualified subcontractors that align with the needs and location of the specific project at hand.

§ C.2 EXPERIENCE RELATED TO THE PROJECT

§ C.2.1 Complete Exhibit D to describe up to four projects performed by the Contractor's Project Office, either completed or in progress, that are relevant to this Project, such as projects in a similar geographic area or of similar project type. If you have already completed Exhibit D, but want to provide further examples of projects that are relevant to this Project, you may complete Exhibit E.

§ C.2.2 State the total dollar value of work currently under contract at the Contractor's Project Office: **\$193,300,000**

§ C.2.3 Of the amount stated in Section C.2.2, state the dollar value of work that remains to be completed: **\$58,300,000**

§ C.2.4 State the average annual dollar value of construction work performed by the Contractor's Project Office during the last five years. **\$41 million**

§ C.2.5 List the total number of projects the Contractor's Project Office has completed in the last five years and state the dollar value of the largest contract the Contractor's Project Office has completed during that time.
105 Total Number of Projects
Largest Contract: \$28,000,000

§ C.3 SAFETY PROGRAM AND RECORD

§ C.3.1 Does the Contractor's Project Office have a written safety program? **Yes**

§ C.3.2 List all safety-related citations and penalties the Contractor's Project Office has received in the last three years. **Please see attached.**

§ C.3.3 Attach the Contractor's Project Office's OSHA 300a Summary of Work-Related Injuries and Illnesses form for the last three years. **Please see attached.**

§ C.3.4 Attach a copy of your insurance agent's verification letter for your organization's current workers' compensation experience modification rate and rates for the last three years. **Please see attached.**

§ C.4 INSURANCE

§ C.4.1 Attach current certificates of insurance for your commercial general liability policy, umbrella insurance policy, and professional liability insurance policy, if any. Identify deductibles or self-insured retentions for your commercial general liability policy. **Please see attached**

§ C.4.2 If requested, will your organization be able to provide property insurance for the Project written on a builder's risk "all-risks" completed value or equivalent policy form and sufficient to cover the total value of the entire Project on a replacement cost basis? **Yes**

§ C.4.3 Does your commercial general liability policy contain any exclusions or restrictions of coverage that are prohibited in AIA Document A101-2017, Exhibit A, Insurance A.3.2.2.2? If so, identify.

- **Under Item 1, Rycon has a Cross Suit Exclusion for suit or claims for insured vs. insured. This is a restriction but solely based on the fact the claimant is an insured. If not an insured but an outside third party, depending on the claim or suit and how it came in coverage may apply.**
- **Under Item 2, Regarding subcontractor work, coverage does not apply when damage arises due to another contractor or subcontractors.**
- **Under Item 3, Coverage for General Liability is 3rd party bodily injury and property damage. Depending on the Suit's demand coverage may apply.**
- **Under Item 4, Remediation typically falls to Workers Compensation and not General Liability, which Rycon currently carries for all employees.**
- **Under Item 5, Depending on how the claim or suit comes in determines if coverage will apply.**
- **Under Item 6, Depending on how the claim or suit comes in determines if coverage will apply.**
- **Under Item 7, Depending on how the claim or suit comes in determines if coverage will apply.**
- **Under Item 8, Depending on how the claim or suit comes in determines if coverage will apply.**
- **Under Item 9, Depending on how the claim or suit comes in determines if coverage will apply.**
- **Under Item 10, Depending on how the claim or suit comes in there is potential for no coverage or for very restrictive coverage.**
- **Under Item 11, Depending on how the claim or suit comes in determines if coverage will apply.**

§ C.5 SURETY

§ C.5.1 If requested, will your organization be able to provide a performance and payment bond for this Project? **Yes**

§ C.5.2 Surety company name: **Fidelity and Deposit Company of Maryland**

§ C.5.3 Surety agent name and contact information:

Agent Name: James Bly

Contact Information: 412-863-4589

§ C.5.4 Total bonding capacity: **\$200M single and \$400M aggregate**

§ C.5.5 Available bonding capacity as of the date of this qualification statement: **\$200M single and \$400M aggregate**

C.3.2 List all safety-related citations and penalties the Contractor's Project Office has received in the last three years.

OSHA INSPECTION & CITATION HISTORY | 2020 - 2022

Over the prior three (3) years Rycon experienced 17 OSHA inspections:

YEAR	OSHA INSPECTIONS	CITATIONS	CORRECTIONS
2022	Six (6) inspections in three (3) states	None	N/A
2021	Five (5) inspections in three (3) states	None	N/A
2020	Six (6) inspections in four (4) states	None	N/A

OSHA's Form 300A (Rev. 01/2004)

Summary of Work-Related Injuries and Illnesses

All establishments covered by Part 1904 must complete this Summary page, even if no injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the log. If you had no cases write "0."

Employees former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR 1904.35, in OSHA's Recordkeeping rule, for further details on the access provisions for these forms.

OSHA's Form 300A (Rev. 01/2004)

Summary of Work-Related Injuries and Illnesses

All establishments covered by Part 1904 must complete this Summary page, even if no injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the log. If you had no cases write "0."

Employees former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR 1904.35, in OSHA's Recordkeeping rule, for further details on the access provisions for these forms.

PLYMOUTH TOWNSHIP MUNICIPAL CAMPUS RENOVATION

Plymouth Township, PA

OWNER

Plymouth Township

ARCHITECT

kcba

SQUARE FOOTAGE

50,000 sq. ft.

COST

\$8,800,000

DURATION

19 Months

DELIVERY METHOD

General Contractor

PROJECT DESCRIPTION

- Rycon was awarded the general trades contract for this \$22.3 million 50,000 sq. ft. municipal building renovation consisting of a 43,000 sq. ft. one-story renovation of the municipal building/police department and a 7,000 sq. ft. renovation of the public works building. The work was completed in 13 total phases based upon temporary relocations of building occupants.
- Site utilities included new electrical and water services as well as site prep and restoration for a new geothermal field/geothermal wells.
- The scope consisted of a roof replacement, asbestos abatement of the existing roof and select interior finishes, demolition of the sloped slab replaced with new steel infill slab on deck for the new city council meeting room, and renovations of all interior spaces.

PLUM BOROUGH MUNICIPAL CENTER

Plum Borough, PA

OWNER

Plum Borough

ARCHITECT

Designstream

SQUARE FOOTAGE

42,500 sq. ft.

COST

\$16,500,000

DURATION

17 Months

DELIVERY METHOD

General Contractor

PROJECT DESCRIPTION

- The lowest of 11 bidders, Rycon was awarded this new all-in-one government service center. The single prime project required a project labor agreement (PLA) to ensure work was done by local unions.
- Construction work included deep caisson foundation, grade beam foundation, foundation retaining wall, structural steel framed with slab-on-deck, TPO roofing, large format stone and brick veneer, Nichiha and composite panel veneer, bullet resistant glass, emergency generator, and IAQ clean air system.
- Built on a 20-acre lot around existing wetlands, the 42,500 sq. ft. building houses municipal offices, council chamber, full size gym and locker rooms, community center, qualifying gun range, and police station with holding cells, armory room, sally port, and evidence room.

HARRISON COUNTY GENERAL SERVICES BUILDING

Clarksburg, WV

OWNER

Harrison County Commission

ARCHITECT

Silling Architects

SQUARE FOOTAGE

72,000 sq. ft.

COST

\$15,500,000

DURATION

14 Months

DELIVERY METHOD

General Contractor

PROJECT DESCRIPTION

- This new 72,000 sq. ft. administrative annex will house the County Commission, County Clerk's Office, Assessor's Office, Sheriff's Tax Office, Planning and IT Departments, and the Community Corrections Day Report Center.
- The site is located diagonally from the historic courthouse and will include three-stories plus the basement. The design focuses on the surrounding Renaissance-style architecture.
- The structure is steel beam and columns with composite concrete decks. The facade is architectural pre-cast concrete, brick veneer, storefront, and curtainwall, while the roof is EPDM with a mechanical screen system.
- The offices will be organized around a central core with elevator and public restrooms along with a two-story lobby.
- The lower level basement will hold staff parking, storage and loading dock, mechanical space, and break room/kitchen for staff.

BRIMFIELD FIRE DEPARTMENT & TOWNSHIP ADMINISTRATION BUILDING

Kent, OH

OWNER

Brimfield Township

ARCHITECT

Moody Nolan

SQUARE FOOTAGE

26,500 sq. ft.

COST

\$8,200,000

DURATION

15 Months

DELIVERY METHOD

General Contractor

PROJECT DESCRIPTION

- The existing 9,800 sq. ft. building holds the township hall and fire station. This project will consolidate fire, zoning, economic development and parks departments under one roof. Administrative staff, the township's fiscal office, IT department, and town hall will also have a home in the new building.
- The first phase includes a 17,400 sq. ft. two-story expansion with three (3) new apparatus bays. The existing bays will be renovated. Program components include a watch office, sleeping rooms, kitchen, dayroom, exercise area, firefighter turnout gear room, public EMS room, and an exterior whole-house generator.
- The second and final phase consists of renovations to 9,100 sq. ft. of space including offices, community room, and a kitchen/break area.
- The project received a grant from the USDA Community Facilities Direct Loan & Grant Program.

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: Rycon Construction, Inc. Date: _____, 20____

Contractor Address: 100-120 N. 18th Street, Suite 1800

Philadelphia, PA Zip Code 19103

Contact Name: Sai Yerrapathruni E-mail sai@ryconinc.com

Contact Direct Phone No.: 215-367-3120 Fax No.: N/A

Project Name: Falls Township Municipal Complex

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journey person, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.

- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
- B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* (“ERISA”), or non-ERISA programs.
- C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?

9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

RE: Falls Township Municipal Complex – Contractor Responsibility Certification Form Amendment

To whom it may concern,

Rycon Construction Inc. is including this letter as an amendment to our Contractor Responsibility Certification Form to correct our answer to question number 2 to “YES”.

This is to confirm that we have not defaulted on a project in the past (3) years.

This amendment is based on our belief the question reads as a double-negative.

Sincerely,

Sai Yerrapathruni
Executive Vice President, Philadelphia Region

CC: Andrew Shinn, Senior Estimator, Rycon
Barbara Merlie, Esq., Rudolph Clarke, LLC
Michael Clarke, Esq., Rudolph Clarke, LLC
Matthew Takita, Township Manager, Falls Township

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

ATTACH ADDITIONAL SHEETS IF NECESSARY.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

Any singular reference to Contractor, Surety, Owner or other party shall be considered plural where applicable.

BOND AMOUNT: 10% Ten Percent of Amount Bid

PROJECT:

(Name, location or address, and Project number, if any)

Falls Township Municipal Complex
188 Lincoln Highway, Fairless Hills, PA 19030

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

Signed and sealed this 25th day of April, 2023.

NON-COLLUSION AFFIDAVIT OF PRIME BIDDER

STATE OF Pennsylvania

COUNTY OF Philadelphia

I, Sai Yerrapathruni, state that I am the Executive Vice President of Rycon Construction, Inc.,

Name of Bidder Title Firm or Company and that I am authorized to make this Affidavit on behalf of my Firm or Company and its owners, directors and officers. I am the person responsible in my Firm or Company for the prices and the amount of this Bid.

I state that:

(1) The price(s) and amount of this bid have been arrived at independently and without consultation, communication or agreement with any other contractor, bidder or potential bidder.

(2) Neither the price(s) nor the amount of the Bid, and neither the approximate price(s) nor the approximate amount of this Bid have been disclosed to any other firm or person who is bidder or potential bidder and they will not be disclosed to any other firm or person who is a bidder or potential bidder and they will not be disclosed before bid opening.

(3) No attempt has been made or will be made to induce any firm or person to refrain from bidding on this Contract or to submit a bid higher than this bid or to submit any intentionally high or noncompetitive bid or other form of complementary bid.

(4) Neither the said Bidder nor any of its officers, partners, owners, representatives, employees or parties in interest, including this affidavit, has in any way colluded, conspired, connived or agreed, directly or indirectly, with any other Bidder, firm or person to submit a collusive or sham Bid in connection with the Contract for which the attached Bid has been submitted to refrain from bidding in connection with such Contract, or has in any manner, directly or indirectly, sought by agreement or collusion or communication or conference with any other Bidder, firm or person to fix the price or prices in the attached Bid or of any other Bidder, or, to fix any overhead, profit or cost element of the bid price or the bid price of any other Bidder, or to secure through any collusion, conspiracy, connivance or unlawful agreement any advantage against the TOWNSHIP OF FALLS to which the attached Bid is being submitted or any person interested in the proposed Contract; and

(5) The price or prices quoted in the attached Bid are fair and proper and are not tainted by any collusion, conspiracy, connivance or unlawful agreement on the part of the Bidder or any of its agents, representatives, owners, employees, or parties in interest, including this affidavit.

(6) Rycon Construction, Inc., its affiliates, subsidiaries, officers, directors and employees are not currently under investigation by any governmental agency and have not in the last four years been convicted or found liable of any act prohibited by State or Federal Law in any jurisdiction, involving conspiracy or collusion with respect to bidding on any public contract, except as follows:

I state that Rycon Construction, Inc. understand and acknowledge that the above representations are true

Firm or Company and relied on by the Agency in awarding the contract(s) for which this bid is submitted. I understand and my Firm or Company understands that any misstatement in this Affidavit is and shall be treated as fraudulent concealment from the Agency of the true facts relating to the submission of bids for this contract.

Subscribed and sworn to before me this 3rd day of May, 2023.

RE: Apprenticeship Program

Dear Gene,

Please be advised that Sheet Metal Workers' International Association, Local 19 is committed to equal opportunity employment throughout its jurisdiction including the State of New Jersey. Our collective bargaining agreement provides, among other things,

The parties to this Agreement agree that they will not discriminate against any applicant for employment or any Employee because of race, creed, color, national origin, sex or occupationally irrelevant physical requirements or handicaps.

Similar provisions may be found in the Apprenticeship standards regarding the admission of new apprentices.

Local 19 is committed to providing referrals on an equal opportunity basis and will use its best efforts to provide you with a work force that meets your contract obligations. We already have in place affirmative action efforts to increase the number of minorities and women in our apprenticeship program. We are also aware of *Schurr v. Resorts International Hotel Inc. et al.* and other cases in which the courts struck down affirmative action programs that were not designed to remedy the effects of past discrimination.

We look forward to working with you and providing the best working persons available in the field as an equal opportunity employer.

Sincerely,

Gary J. Masino,
President/Business Manager

Project Name: East Falls Township Blgd

To be certified, Contractor is required to check all the following boxes:

- | | Yes | No |
|--|-------------------------------------|-------------------------------------|
| 1. Has the Contractor been debarred by any federal, state or local government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 2. Has the Contractor not defaulted on any project in the past three (3) years? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the Contractor had any type of business, contracting or trade license revoked or suspended by any government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 4. Has the Contractor committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5. Has the Contractor been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6. Does the Contractor participate in a Class A Apprenticeship Program for each trade in which it employs craft employees and agree to continue to participate in such program or programs for the duration of the project? A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journeyman status for each of the past five (5) consecutive years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (a) An apprenticeship training program registered within the past ten (10) years;
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

7. The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyman, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.
- A. These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
 - B. For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 *et seq.* (“ERISA”), or non-ERISA programs.
 - C. To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.
8. Does the Contractor have all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will Contractor obtain same through the use of qualified, responsible subcontractors?
9. Does the Contractor maintain all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law?

10. Has the Contractor been incorporated and conducting business in the trade or craft for which the Contractor is bidding for at least three (3) years? The term conducting business shall mean having completed projects either the same or substantially similar to the project for which the Contractor is bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of its business. This review shall be conducted by the Owner's officials or their designee.

~~XX~~

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the Owner with subcontractor list and subcontractor information as specified in the Responsible Contractor Ordinance or, if applicable, the Responsible Contractor Resolution.

ATTACH ADDITIONAL SHEETS IF NECESSARY.

1.01 FORM

- A. Form: Responsible Contractor Ordinance (“RCO”, 8 pages) and the Contractor Responsibility Certification Form (3 pages).
- B. Complete, execute and submit Contractor’s Qualification Statement Exhibit F as set forth in Instructions to Bidders.
- C. Document consists of eleven pages, following the page.

END OF DOCUMENT 004513

CONTRACTOR RESPONSIBILITY CERTIFICATION

§ 146-1. Short title.

This chapter shall be known as the "Falls Township Responsible Contractor Ordinance."

§ 146-2. Definitions.

The following words and phrases as used in this chapter shall have the meanings ascribed to them in this section, unless the context clearly indicates a different meaning. The masculine shall mean the feminine, the singular includes the plural, and the plural includes the singular.

CONTRACT — An agreement, whether oral or written, and whether contained in one or more documents, between a contractor and the Township or another contractor for the performance of work, including all labor, services and materials to be furnished and performed thereunder.

CONTRACTOR — Any individual or person who undertakes or offers to perform construction, repair, maintenance, demolition, remodeling, rehabilitation, paving and any other improvement of construction or demolition work in and for the Township, whether as a general contractor, subcontractor, specialty contractor or otherwise.

PERSON — Any individual, partnership, limited partnership, association, corporation, trust or any other legally recognizable entity.

SUBCONTRACTOR — Any individual or person who undertakes a specific part of the work to be performed by the principal contractor or subcontractor for the construction, repair, maintenance, demolition, remodeling, rehabilitation, paving and any other improvement of construction or demolition work in and for the Township.

TOWNSHIP — The Township of Falls.

§ 146-3. Purpose.

The purpose of this chapter is to ensure that all work on public construction and maintenance contracts is performed by responsible, qualified persons that maintain the capacity, expertise, personnel and other qualifications necessary to successfully perform such contracts in a timely, reliable and cost-effective manner. Any and all contracts to be performed for public construction and maintenance contracts shall be performed in compliance with this chapter. The requirements of this chapter are intended to supplement, not replace, existing contractor qualification and performance standards or criteria currently required by law, public policy or contracting documents. However, in the event that any of the provisions of this chapter conflict with any other ordinance of the Township of Falls, this chapter shall prevail.

§ 146-4. Qualified, responsible contractor requirements.

- A. All contractors and subcontractors of any tier which perform work valued at over \$10,000 on any public facility or public work project, including construction, alteration, renovation, repair, service or maintenance, shall meet the requirements

of this chapter.

- B. All persons engaged in contracts covered by this chapter shall be qualified, responsible contractors or subcontractors that have sufficient capabilities in all respects to successfully perform contracts on which they engage, including the necessary experience, equipment, technical skills, qualifications, organizational and personnel resources. Qualified, responsible persons shall also have a satisfactory past performance record and a satisfactory record of law compliance, integrity and business ethics.

§ 146-5. Contractor responsibility certifications.

- A. As a condition of performing work on any public works contract subject to this chapter, a general contractor, construction manager or other contractor which seeks award of a contract shall submit a contractor responsibility certification at the time it submits its bid or proposal for a contract.
- B. The contractor responsibility certification shall be completed on a form provided by the Falls Township Public Works Department and shall reference the project for which the bid or proposal is being submitted by name and contract or project number.
- C. In the contractor responsibility certification, the construction manager, general contractor or other lead or prime contractor shall confirm the following facts regarding its past performance and work history and its current qualifications and performance capabilities:
- (1) The contractor has not been nor currently is debarred by any federal, state or local government agency or authority in the past three years.
 - (2) The contractor has not defaulted on any project in the past three years.
 - (3) The contractor has not had any type of business, contracting or trade license revoked or suspended by a government agency or authority in the past three years.
 - (4) The contractor has not committed a willful violation of federal or state safety laws as determined by a final decision of a court or government agency or authority in the past three years.
 - (5) The contractor has not been found in violation of any other law relating to its contracting business, including, but not limited to, wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three years.
 - (6) The contractor participates in a Class A apprenticeship program for each trade in which it employs craft employees and shall continue to participate in such program or programs for the duration of the project. A Class A apprenticeship program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journeyman status for each of the past five consecutive years.

The contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the responsible contractor certification.

- (a) To permit development of recently registered programs, the graduation requirement of this provision shall not apply to:
 - [1] An apprenticeship training program registered within the past 10 years; or
 - [2] An apprenticeship program registered within the past 10 years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeable craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.
- (b) Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.
- (c) The construction manager, general contractor or other lead or prime contractor responsible for the project shall ensure that at least 70 percent of the craft labor workforce employed on the project workforce shall be comprised of either journeyperson, workers who have successfully completed an apprenticeship training program registered with and approved by the U.S. Department of Labor or a state apprenticeship agency or registered apprentices currently enrolled in such programs.
 - (i) These craft labor requirements ensure that the great majority of the craft labor personnel employed on the project have the requisite skills and qualifications to perform the project work as they will be participants in or graduates of bona fide apprenticeship training programs in each trade or craft in which their services are utilized.
 - (ii) For purposes of this subsection, apprenticeship training programs may include those which are subject to the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 et seq. ("ERISA"), or non-ERISA programs.
 - (iii) To demonstrate compliance with this section, the firm shall provide, with this certification, a list of all trades or classifications of craft employees it will employ on the project and the names and addresses of all applicable apprenticeship programs relating to craft personnel utilized on the project.

- (7) The contractor has all other technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will obtain same through the use of qualified, responsible subcontractors.
- (8) The contractor maintains all documents necessary to ensure that all employees are United States Citizens or properly documented legal aliens entitled to work under existing federal law.
 - (a) The Township may require any other additional information it deems necessary to evaluate a prospective contractor's technical qualifications, resources and performance capabilities, as well as the type of impact its operations will have on the local community impacted by the project. The Township may require that such information be included in a statement of qualifications and experience as an attachment to the contractor responsibility certification.
 - (b) In the contractor responsibility certification, the submitting contractor shall stipulate that if it receives a notice of intent to award contract, it will provide the Township with a subcontractor list and subcontractor information as specified herein.
 - (c) If the submitting contractor is, or was in the past five years, related to any other company or business entity that provided or provides contractual services in the construction, maintenance, service or repair industries, whether as a parent company, subsidiary or otherwise, it shall attach a separate statement to its contractor responsibility certification that explains in detail the nature of any such relationship.
 - (d) If any person or entity that is a shareholder, owner or partner of the submitting contractor owns an interest of 20% or more in another entity

or previously owned such an interest in another entity that provides or has provided contractual services in the construction, maintenance, service or repair industries, it shall attach a separate statement to its contractor responsibility certification that explains in detail the nature of any such relationship.

- (e) The Township may require that contractor responsibility certifications and other information required by this act be submitted electronically.
- (f) The Township may charge contractors who submit bids or proposals a reasonable fee to defray costs of processing and evaluating contractor responsibility certifications and related information and documents.

§ 146-6. Notice of intent to award contract

- A. After it has received bids or proposals, the Township shall issue a notice of intent to award contract to the contractor offering the lowest responsive responsible bid, or in the case of competitive proposals, the contractor offering the most advantageous proposal in accordance with the Second Class Township Code.
- B. Such notice shall be issued as soon as practicable after bids or proposals are submitted and shall stipulate that the contract award will be conditioned on the issuance of a written contractor responsibility determination, as required by § 146-9 of this chapter.

§ 146-7. Subcontractor lists, subcontractor responsibility certifications.

- A. Within 14 days of receiving such a notice of intent to award contract, a prospective awardee shall submit to the Township a subcontractor list containing the names of all subcontractors it will use for the referenced project, their addresses and a description of the work each listed subcontractor will perform on the project.
- B. At the time a prospective awardee submits its subcontractor list, it shall also submit subcontractor responsibility certifications for all listed subcontractors to the Township. Subcontractor responsibility certifications shall be executed by the respective subcontractors and shall contain the same information and representations required in contractor responsibility certifications.
- C. A construction manager, general contractor or other lead or prime contractor shall not be permitted to use any subcontractor on procurement contracts subject to this section which is not on the subcontractor list, unless it demonstrates compelling reasons for using an unlisted subcontractor and obtains prior written approval from the Township.
- D. An unlisted subcontractor shall not be approved by the Township unless it executes a subcontractor responsibility certification as required by this chapter at least 30 days prior to commencing work. Any such certification shall be made available to the public as specified in § 146-10C of this chapter.

§ 146-8. Execution of contractor and subcontractor responsibility certifications.

- A. Contractor and subcontractor responsibility certifications shall be executed by a

person who has sufficient knowledge to address all matters in the certification and shall include an attestation stating, under the penalty of perjury, that all information submitted is true, complete and accurate.

- B. If it is subsequently determined that a contractor or subcontractor responsibility certification contains false or misleading material information that was provided knowingly or with reckless disregard for the truth, or omits material information knowingly or with reckless disregard for the truth, the contractor for which the certification was submitted shall be prohibited from performing work for the Township for a period of three years and shall be further subject to any other penalties and sanctions, including contract termination, available to the Township under law. A contract terminated under these circumstances shall further entitle the Township to withhold payment of any monies due to the contractor as damages.

§ 146-9. Contractor responsibility determinations.

- A. Once a notice of intent to award contract has been issued, the Township shall undertake a thirty-day agency review to determine whether the prospective awardee is a qualified, responsible contractor in accordance with the requirements of this chapter and other applicable laws and regulations.
- B. As part of this review, the Township shall ensure that the contractor responsibility certification, subcontractor list and subcontractor responsibility certifications, as required by this chapter, have been submitted and properly executed. It shall also ensure, to the extent practicable, that the information provided by subcontractors is truthful and accurate and that such subcontractors are qualified to perform the contract.
- C. The Township may further conduct any other inquiry to independently verify that the prospective awardee has the technical qualifications and performance capabilities necessary to successfully perform the contract and has a sufficient record of law compliance and business integrity to justify the award of a public contract. In conducting such inquiries, the Township may seek information from contractors or other entities which have submitted responsibility certifications to prior customers or from any other relevant source. In conducting this evaluation, the Township may also consider relevant information of any business entities that are found to be related to the contractor.
- D. During the review period, the Township shall also examine the qualifications of the contractors on the subcontractor list to ensure that all identified subcontractors have properly executed subcontractor responsibility certifications, that the information contained in such certifications is accurate and that such subcontractors are otherwise qualified, and responsible. In conducting this evaluation, the Township may also consider relevant information of any business entities that are found to be related to subcontractors.
- E. In the event that the Township determines that a prospective subcontractor does not meet the qualification standards included in the subcontractor responsibility certification or does not otherwise qualify as responsible contractor, it shall inform the general contractor, construction manager or other lead or prime contractor and permit it to self-perform the work of the subcontractor or to substitute another

subcontractor which meets the requirements of this chapter.

- F. In the event that a subcontractor is disqualified under this chapter, the contractor, construction manager or other lead or prime contractor shall not be permitted to make any type of contractual claim against the Township on the basis of a subcontractor disqualification.
- G. If, at the conclusion of its internal review, the Township determines that all responsibility certifications have been properly completed and executed and if it concludes that the qualifications, background and responsibility of the prospective awardee and the contractors on the subcontractor list are satisfactory, the Township shall issue a written contractor responsibility determination verifying that the prospective awardee is a qualified, responsible contractor. The contractor responsibility determination shall be issued no later than 30 days from the date the notice of intent to award contract is issued, unless extended in writing, signed by the Township and contractor. This responsibility determination may be revoked or revised in any manner at any time during the public review process set forth in § 146-10 of this chapter in the event the Township obtains relevant information warranting any such revocation or revision.

§ 146-10. Public review process.

- A. To permit adequate public review of the procurement process, the Township shall provide a thirty-day public review period commencing from the date that the notice of intent to award contract is issued.
- B. During this period, the contractor responsibility certification, subcontractor list, subcontractor responsibility certifications and the determination of contractor responsibility, as specified herein, shall be subject to immediate public inspection as they become available.
- C. These records shall be made available for public inspection in a public document room or on a publicly accessible Web site. In the alternative, copies of these records shall be produced or otherwise made available for public inspection within five business days upon written request and in accordance with applicable law.
- D. During the public review period, any person or organization may protest a contractor or subcontractor for failing to meet the requirements of this chapter or for any other legitimate ground by submitting a letter with supporting evidence to the Township.
- E. A procurement contract subject to this chapter shall not be executed until all requirements of this chapter have been fulfilled.

§ 146-11. Severability; effective date.

- A. If any provision of this chapter shall be held to be invalid or unenforceable by a court of competent jurisdiction, any such holding shall not invalidate any other provisions of the ordinance and all remaining provisions shall remain in full force and effect.
- B. This chapter shall be effective five days after it has been approved by the Board of

Supervisors, or in default thereof, five days after it is deemed approved by operation of law.

- C. The requirements of this chapter shall not apply to contracts executed prior to the effective date of the ordinance, except that the exercise of an option on a contract covered by this chapter shall be deemed to create a new contract for purposes of this chapter.

CONTRACTOR RESPONSIBILITY CERTIFICATION FORM

Contractor Name: Scott Building Corp T/A Scott Contractors, Inc. Date: June 19, 2023

Contractor Address: 2939 Felton Road

Norristown, PA Zip Code 19401

RE: Blue Bell Construction

To Whom It May Concern:

Please be advised that Blue Bell Construction is signatory to Local 592's Collective Bargaining Agreement, they employ cement masons from our local union to pour and finish concrete. The Cement Masons' & Plasterers' Union Local 592 has an approved Apprenticeship Program with the State of Pennsylvania. Our Program consists of three (3) years; it provides the knowledge and skill of the concrete trade. The Cement Masons' Joint Apprentice Program has graduated apprentices to journeyman status for each of the past five (5) consecutive years and has been since 1994.

Enclosed with this letter is the signature page from our Apprenticeship Standards with the PA Apprenticeship and Training Council.

To Whom It May Concern:

Operating Engineers Local 542 has a registered apprenticeship program with the Commonwealth of Pennsylvania and the US Department of Labor Bureau of Apprenticeship and Training (BAT) since 1965, Registration Number PA006650002.

We have had a graduating apprentice class to journeyman status for at least three of the last five years. This is a four year program where apprentices are hired to contractors for on the job training as well as in house training at one of our three training sites.

Blue Bell Construction is a signatory union contractor with the Operating Engineers Local 542 which makes them a full participant in this apprenticeship program. They have participated in our program for the last three years.

If you have any questions or are in need of further information, I can be reached at the number above.

Re: Laborers District Council
Joint Apprenticeship and Training Program (JATC)

Blue Bell Construction
2939 Felton Rd.
Norristown, PA 19401

On July 6, 1994, the U.S. Department of Labor, Bureau of Apprenticeship and Training (BAT) approved the Laborers' International Union of North America (LIUNA) and the Associated General Contractors of America (AGC) known as Laborers-AGC. The Laborers'-AGC Education and Training Funds' National Apprenticeship Standards for the Construction Craft Laborer is 869.463.580. The O+Net Code is 47-2061.00.

The Laborers' District Council of Philadelphia and Vicinity Joint Apprenticeship and Training Committee Apprenticeship Standards were registered by the Pennsylvania Apprenticeship and Training Council and the Federal Committee on Apprenticeship on January 8, 1998, the Program Registration # PA004970018.

This JATC registered its first Apprenticeship Class in November 2000 and had its first graduating class recorded September 2004. We have graduated apprentices to journeyman status for each of the past five consecutive years. Blue Bell Construction has been a union contractor in good standing with the Laborers' District Council.

If you have any questions or require additional information please contact me at 610-524-0404 ext. 1208 or droboterts@ldc-phila-benefits.org.

Sincerely yours,

Devan Roberts

Eastern Atlantic States
CARPENTERS TECHNICAL COLLEGE

Training Locations

PA: Philadelphia, Allentown

NJ: Edison, Hammonton, Erial

DE: New Castle, Georgetown

June 28, 2023

To Whom It May Concern:

This letter will serve as notice that Shaffer DeSouza Brown, Inc. has been an active member and a participating contractor in Eastern Atlantic States Carpenters Technical College. This is an approved apprenticeship program, Program #00645001, registered in the Commonwealth of Pennsylvania with the Department of Labor and Industry, the Pennsylvania Apprenticeship Council, and the Federal Committee on Apprenticeship since October 1, 1945. The apprenticeship program has graduated apprentices every year since 1946.

The Eastern Atlantic States Carpenters Technical College includes carpenters, floor layers, lathers, mill/cabinetmakers, and millwrights. Our jurisdiction includes Philadelphia, Bucks, Chester, Delaware, Lehigh, Montgomery, Northampton, Carbon, Berks, and Lancaster counties in Pennsylvania.

The EASCTC Standards are also registered in the states of Delaware and Maryland.

The apprenticeship program includes both on-the-job and classroom/shop related instructional training. We currently have four training centers. The main training center is located at 10401 Decatur Road Philadelphia, PA. Additionally, we have a training center located at 620 Wilmington Road New Castle, DE, 21420 Vaughn Road Georgetown, DE, and 1818 Vultee Street, Allentown, PA 18103.

If you have any questions, please feel free to contact me at 215-824-2300.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Landy".

JOINT APPRENTICESHIP TRAINING CENTER

June 27, 2023

To Whom It May Concern:

This letter will serve as notice that Suburban Enterprises has been an active member and a participating contractor in the Local 1 PA/DE Joint Apprenticeship Training Program.

This is an approved apprenticeship program, #PA004970003, registered in the Commonwealth of Pennsylvania with the Department of Labor and Industry since September 11th, 1997. The apprenticeship program has graduated apprentices every year since 1997.

The Local 1 PA/DE Apprenticeship Program represents bricklayers, pointers, cleaners and caulkers, stone masons, and tile. Our jurisdiction includes Philadelphia, Bucks, Chester, Delaware, Montgomery counties in Pennsylvania and the state of Delaware.

The apprenticeship program includes both on-the-job and classroom/shop related instructional training.

If you have any questions, please feel free to contact me at 215-330-0544.

Sincerely,

Kyra Mood

Office Coordinator

Attention: Andrew Shinn

Subject: Helical Pile Prequalification's

TEK Piles, LLC is a geotechnical construction company based in MT. Morris, PA, specializing in the installation of helical piles. To my knowledge there is not a helical specific trade apprenticeship program. However, TEK Piles is a certified pile installer for multiple helical pile manufactures. All employees undergo comprehensive training in safety procedures and pile installation SOP's. Additionally, TEK Piles is a corporate member of the Deep Foundation Institute (DFI) and actively participates in DFI's helical pile technical committee.

Kindly contact me with any questions.

Regards,

These "model" national guidelines for apprenticeship standards are an example of how to develop apprenticeship standards that will comply with 29 CFR §§ 29 and 30 when tailored to a sponsor's apprenticeship program. These model standards do not create new legal requirements or change current legal requirements. The legal requirements related to apprenticeship that apply to registered apprenticeship programs are contained in 29 U.S.C. 50 and 29 CFR §§ 29 and 30. Every effort has been made to ensure that the information in the model apprenticeship standards is accurate and up-to-date.
