Part B: Program Sponsor's Information

Item 1. A Program Number is a generated number assigned to a program sponsor when a program is registered in the Office of Apprenticeship's Registered Apprenticeship Partners Information Data System (RAPIDS).

Item 1. A Sponsor Name is any person, association, committee, or organization operating an apprenticeship program and in whose name the program is (or is to be) registered or approved.

Item 1b. An Employer is any person or organization employing an apprentice whether or not such person or organization is a party to an Apprenticeship Agreement with the apprentice.

Item 2b. An Occupational Information Network (O*NET) Code is an 8-digit code in the O*NET data system (<https://www.onetonline.org/>).

Item 2c. Interim Credentials (Certificate of Training) applies to career lattice occupations. These credentials are issued by the Registration Agency upon request by the program sponsor. Interim credentials provide certification of competency attainment by an apprentice, but does not necessarily indicate completion of the program.

Item 3. Occupation Type refers to the following three training approaches listed below.

Item 3a. A Time-based Approach measures skill acquisition through the individual apprentice's completion of at least 2,000 hours of on-the-job learning as described in a work process schedule.

The program standards must address how on-the-job learning will be integrated into the program, describe competencies, and identify an appropriate means of testing and evaluation for such competencies. An apprentice must be registered in an approved competency-based occupation for 12 calendar months of on-the-job-learning.

Item 3c. A Hybrid Approach measures the individual apprentice's skill acquisition through a combination of specified minimum number of hours of on-the-job learning and the successful demonstration of competency as described in a work process schedule.

Item 4. A Term Length (Hrs., Mos., Yrs.) of the occupation is based on the program sponsor's training approach as approved by the Registration Agency.

Item 5. A Probationary Period (Hrs. or Wks.) is the number of hours or weeks of on-the-job learning during the apprentice's probationary period. A probationary period cannot exceed 25 percent of the term length of the occupation or one year, whichever is shorter.

Item 6. Credit for Previous On-the-Job Learning Experience (Hrs., Mos., Yrs.) is granted by the program sponsor based upon documented evidence provided by the apprentice. An apprentice must complete a minimum of six months on-the-job learning regardless of credits for previous experience awarded.

Item 6a. The Term Remaining (Hrs., Mos., Yrs.) is the difference between the term length of the on-the-job learning and the credits for previous experience awarded.

- Item 7. Credit for Previous Related Instruction Experience** (Hrs., Mos., Yrs.) is granted by the program sponsor based upon documented evidence provided by the apprentice.
- Item 9a. Total Length of Related Instruction** is the duration spent in related instruction in technical subjects related to the occupation, which is recommended to be not less than 144 hours per year.
- Item 10. Progressive Wage Schedule:**

- Item 11. Complaints:** Identifies the individual or entity responsible for receiving complaints (29 CFR 29.7(k)).

Part D: To Be Completed By Registration Agency

*The submission of the apprentice's social security number is requested. The apprentice's social security number will be used for program management purposes, such as verification of the apprentice's period of employment and earnings to align with Department of Labor's job training and employment program performance indicators for measuring performance outcomes. The Office of Apprenticeship will use wage records through the State Wage Interchange System needs the apprentice's social security number to match this number against the employers' wage records. Also, the apprentice's social security number will be used, if appropriate, for purposes of the Davis Bacon Act of 1931, as amended, U.S. Code Title 40, Sections 276a to 276a-7, and Title 29 CFR part 5, to verify and certify to the U.S. Department of Labor, Wage and Hour Division, that the apprentice is a registered apprentice to ensure that the employer is complying with the geographic prevailing wage of the occupational classification. Failure to disclose an apprentice's social security number on this form will not affect the right to be registered as an apprentice. Civil and criminal provisions of the Privacy Act apply to any unlawful disclosure of social security numbers, which is prohibited.
