Voting changes communities, states, and national issues. It makes a difference in your life. Your children are depending on you to represent their voices. When you vote, you look out for your children’s future. Voting gives you credibility. Mr. Mariani encourages people to get to know the candidates and where they stand on issues.

Chairman Harvie said the decision the board made was to ask the local sports organizations if they had ideas on using this money to benefit their organizations. There were a couple of recommendations. The board is also looking at expanding the community garden and putting in a fishing pier at the Falls Township Community Park. Mr. Brian Andrews will make a presentation to the county and they will let us know if we are approved for those projects. We have good projects that will benefit residents.
